J. W. MARCHBANK PASSES AWAY FROM SUDDEN HEART ATTACK

The people of Daly City and others from all parts of the continent — of every walk of life and every faith — gathered in a darkened funeral parlor yesterday to pay their last respects to a man whose memory never will die.

The flag flew at half mast atop city hall, in tribute to the man whose life, devoted to the cause of humanity, had now expired.

John W. Marchbank, city founder, philanthropist, lay in a solid bronze casket as a minister of his faith gave him welcome into another world. Floral tributes from all over the world, formed a bower for his berth.

The parlor of W. C. Lasswell Mortuary was crowded. There were assembled a group of men and women who had known Marchbank during his lifetime, and those who knew him only through his actions. They had one thing in common, those people who wept unseen tears over his still form. All had benefited by his hand.

A squadron of motorcycle policemen escorted the long funeral procession to Holy Cross Cemetery, where the Rev. Louis Miller pronounced last rites.

Great? An immeasurable greatness, equaled only by those who have achieved immortality. Beloved? Ask any of the men and women who have been privileged to know him.

Or see for yourself by his active, colorful and useful career. Here is his story.

Born in 1869 at Desable Bay on Prince Edward Island, British Columbia, Marchbank was the son of Mr. and Mrs. John Marchbank, a pioneering people who had surrendered the luxuries of English royalty for adventure in gold mining.

Entering manhood, the young Marchbank followed in the mining footsteps of his father. An accident at Warm Springs Mining Camp near Seattle in 1887 brought about the loss of his leg — a condition which all through his life intrigued his associates, and provided matter for legend.

For Marchbank, the loss of a leg served only to spur his ambition. Refusing the royal rank of a baron, he set out with "a pair of crutches, a lemonade cooler and a ten-dollar note," to map a career studded with adventure and riches.

Several years before the Canadian Pacific Railway came into existence — before the words "Klondike Gold" brought men scrambling to the northwest — Marchbank had crossed the Chilkoot Pass and followed the ice down to the site of Dawson, then a barren waste. A great mining camp, overflowing with gold and miners, marked the site two years later.

After the turn of the century, Marchbank came back to San Francisco, where he earned the name of philanthropist. The founding of Daly City came about through his efforts, and to a great extent through his money.

His wealth was fabulous — and so was his generosity. No charitable activity was too great nor too small for his interest. All were handled with a strict secrecy.

With the start of World War I, Marchbank liquidated his enterprises, using the money for the purchase of war bonds. The war over, he devoted his time and energy to a heretofore unrequitted ambition—that of racing horses.

Like all his other enterprises, Marchbank's turf interests grew to unbounded proportions. Betting was unlawful in California at the time that he purchased Tanforan Race Track. Marchbank was credited with bringing the game back to California. His famous stud farm, "Heather Farm," located at Walnut Creek, boasted such famous racers as War Cry, King Heather, Xenefol, and Soleil Du Midi.

Others among his numerous interests included pioneering in South American rubber with the opening of a 30,000-acre plantation in Brazil, and gold mining, with the development of a huge mine in Honduras.

Last May, Marchbank was married to Miss Bernadette Jones, daughter of his late friend, who had served as his secretary since her father's death.

For what were the people of our city grateful? It may have been any of several things. John W. Marchbank was the man who had founded the town. He gave Daly City its park and its library. Public utilities and transportation were brought here through his efforts. He built our churches and helped with their support.

Individuals remembered his assistance during the depression, when he clothed and fed many a needy family. Children recalled the Christmas parties they were given every year. Home-owners remembered that John W. Marchbank had saved them from mortgage foreclosure—always without publicity. The man had a distaste for fanfare.

Daly City people, and others who have lived near him, will remember him for all these things, and more. They will remember, particularly, his never-ending generosity—his unpublicized charities. They'll not forget his wise political counsel nor his leadership.

Yesterday, in the parlor of the Lasswell mortuary and later at the Holy Cross Cemetery, a people mourned his passing. Yesterday marked the end of a great life, and the beginning of an immortal memory.

City To Receive More Revenues From Bldg. Permits

Total city revenue collected in building permit charges will be augmented this month, according to Arthur J. Bodien, Daly City building inspector, and Mayor Melford D. Battye.

The collections, they said, will be raised by a change in rates for permit charges, as well as in the procedure of valuation appraisal.

Heretofore, according to Mayor Battye, building permit charges have been negligible as a source of revenue, due to low rates and an inefficient system of appraisal. Building contractors were allowed to establish the estimated value of their own buildings. This system, he said, resulted in low appraisals and practically negligible charges for permits.

The new procedure of appraisal, the mayor stated, will require a contractor to present his plans to the building inspector, who will figure the valuation at a set amount per square foot (approximately $7).

The new procedure is not set down in the new building permit ordinance which goes into effect December 10. However, Mayor Battye said, it is the city government's intention to carry out the new system "as though it were law."

These building permits were issued to contractors in Daly City during the last three-week period:

Dan Dolan, contractor — four-room single family bungalow dwelling appraised at $4,500, Lot 1, Block 15, Vista Grande Tract.

Hillside Manor Co., contractor—12 five-room single family dwellings, each appraised at $5,000, portions of lots 19, 20 and 21, Hillside Manor Subdivision.

A. Nelson, contractor—five-room single family frame dwelling, appraised at $6,000, portions of lots 6, 7 and 8, Block 26, Crocker Tract.

Angelo Alexion, contractor — store and two apartments, appraised at $14,000, Lot 29, Block 2, Vista Grande Tract.

County Landlords Must 'Hold The Line' Says Rent Expediter

Rents in San Mateo county will not go up — at least not immediately — to meet the increase in landlords' rental property taxes, according to Federal Housing Expediter Tighe B. Woods.

Woods last week notified Damian L. Renolds, chairman of the San Mateo Rent Advisory Board, that he cannot approve a recommendation of the board to increase rents in the county in an amount equal to the increase in taxation from the year 1942.

The Washington official declined to approve the recommendation on the ground that it was made without the approval of the entire board panel for the San Francisco Bay Area Defense Rental Area, of which the local county board is a composite.

"The disapproval is without prejudice and does not close the door on further consideration of the recommendation," according to Henry A. Cross, area rent director.

Cross said the board may submit its views to the board panel for approval, and upon endorsement, it would be returned to the housing expediter for additional consideration.

Daly City Library Suggested Reading

Mrs. Marcie Trier, acting librarian for the Daly City Public library, has released this list of books as suggested reading for adults. All are best sellers.

Fiction: The Moneyman, by Thomas Costain; East Side, West Side, by Marcia Davenport; Gus the Great, by Thomas Duncan; The Years of the Locust, by L. G. Erdman; Proud Destiny, by Lion Feuchtwanger; Mrs. Mike, by B. Freedman; The Great Tide, by Rubylea Hall; The Meadows of the Moon, by James Hilton; Came a Cavalier, by F. P. Keyes; Kingsbloud Royal, by Sinclair Lewis; Creatures of Circumstance, by W. Summerset Maugham; Sea of Grass, by Conrad Richter; Then the Mountain Fell, by C. F. Ramuz; Prince of Foxes, by S. Shellebarger; Golden Isle, by F. Slaughter; Kate Hardy, by D. E. Stevenson; Jessamy John, by Phil Stong; The Hucksters, by F. Wakeman; House Divided, by Ben Ames Williams; Foxes of Harrow, by Yarby, and The Tin Flute, by G. Roy.

Non-fiction: Big Bonanza, by D. DeQuille; My San Francisco, by G. Atherton; California Lure, by E. Neuenburg, and Three Came Home, by A. N. Keith.

Is Sentenced For Disturbing Peace

Peter Cutney of Daly City was sentenced to 60 days in the county jail last week in justice court.

Justice of the Peace John J. Fahey jr. gave Cutney 60 days with one day suspended, on a plea of guilty to disturbing the peace.

Would-be Thieves Break Into Office Of R. L. Stevens Co.

San Francisco and Daly City police this week are investigating clues which are expected to lead to the apprehension of would-be thieves who broke into the R. L. Stevens garage office last week end.

Police report that a case of Old Grand Dad whiskey was the only thing found missing. The perpetrators apparently had been frightened off, they said, leaving a tank of oxygen and an acetyline torch behind.

Evidence showed that the thieves had attempted to burn the hinges off an office safe with the torch. They had gained entrance to the office, police said, through a side window leading to an adjoining roof.

Officials of the Herman Safe Co., manufacturers of the safe, opined that the thieves were amateurs. Burning the hinges off, they said, would not give them access to the safe's contents, as the outer door is guard-locked to an inner door.

Meanwhile, police checked with the owners of the torch, to find that a peninsula garage to which the instrument had been rented was burglarized November 30, the night of the attempted robbery.

Will Extend No. 26 Bus Line To Broadmoor

The San Francisco Municipal Railway Co. announced last week that a change would be made in the route of No. 26 bus to serve residents of Broadmoor Village.

The change, which was to be effected November 29, was to extend the line from its terminal at Mission and Market streets along San Pedro road through Broadmoor Village, and back to the original terminal.

COLMA WOMAN FALLS, BREAKS LEG

Mrs. Mary Warburton, 76, owner of the Heather Nursery, in Colma, was reported in "good" condition at the South San Francisco hospital today.

The aging woman was rushed to the hospital by the county ambulance after she was found in an unconscious condition at her Moltke street home last week.

Hospital authorities said she had suffered a fractured right leg in a fall.

Health Directors May Exchange Jobs

A possible exchange of jobs between the health directors of San Mateo and Santa Cruz counties is seen in the current upset of the local office due to Dr. Charles C. Gans' forced retirement.

Gans, who would be required to retire next February on the occasion of his 70th birthday, already has been hired by Santa Cruz county to serve as health cosultant. Dr. John O. Raffety, acting health director for Santa Cruz county, said last week he will apply for the job as director of public health and welfare in San Mateo county.

Raffety said he was attracted to the San Mateo county job because of its new salary range — $1013 to $1267 a month. At the same time, he labeled his present salary — as health officer and hospital superintendent—ridiculous.

In connection with the job opening, the civil service commission stated it wished to "squelch reports that have been circulating — to the effect that Dr. Harold Marks, superintendent of Community hospital, is 'set' for the appointment."

Dr. Marks registered surprise at the rumor, stating that not only must he take the examination together with all other applicants, but he expected keen competition, due to the attractiveness of both job and salary.

Woodrow Wilson PTA To Plan Xmas Party For Children

Plans for the annual children's Christmas party slated for December 19 will be made next Tuesday when the Woodrow Wilson Parent Teacher Association executive board meets at 117 Miriam street.

Mesdames Hilda Heagney, Marie Miller and Thelma Hamilton will be hostesses at a Christmas social, where gifts will be exchanged.

The P.T.A. meeting scheduled for December has been cancelled. The group will meet next on January 21.

Local Man Serves Aboard USS Argonaut

Millard L. Alexander, of Daly City, is serving aboard the submarine USS Argonaut, which recently conducted a training cruise for reserves in Long Island Sound.

The local man, a motor machinist's mate 3/c, is the son of L. R. Alexander, 17 Cottonwood drive, Daly City.

Deputy Sheriffs Apprehend Jeff Hi Burglar Suspect

Ronald Joseph Becker, 17, confessed perpetrator of numerous school robberies in the bay area and elsewhere, is in the hands of juvenile authorities today, awaiting action on the latest of his burglaries — the Jefferson Union High school in Daly City.

Becker was apprehended Monday by sheriff's deputies while strolling on the streets of Bayshore City. The boy was carrying several packages of candy and nuts.

The officers took Becker to his home, at 144 Siapan road, Bayshore, where he admitted to the Jefferson High school robbery and boasted of several others. The boy said he had entered the local school five or six times; the South City High school three or four times; South City Grammar school three times, and had "gotten in trouble" for similar offenses in San Pedro, Long Beach and San Francisco.

Telling his story of the early Monday morning robbery, Becker said he took the No. 14 street car and walked the rest of the way. He gained entrance, he said, through the cafeteria door, after breaking a side window to reach in and open it.

In the cafeteria kitchen, according to Becker's account, he ate three banana sundaes and one banana fudge — "I tried something new" — and took several packages of candy and nuts. The boy said he also searched the cafeteria for currency; pried open the cash register with a spoon, but found "only a few pennies."

According to Becker, he left the school at about 3:30 a. m. and walked home. He was picked up by sheriff's deputies while they were patrolling Bayshore City several hours later.

Jefferson Wins "Big Game" At South S. F. Field

Jefferson brought home the turkey last Thursday when they took South City down the line with a 12-0 victory in their traditional Thanksgiving Day football classic. The game was played on the South San Francisco field.

Jefferson's first touchdown was on a shortside pass from Mossi to Lou DeSalvatore, who carried it 54 yards. The play was good for a total of 64 yards.

On the second touchdown Ray Settreni went over the goal through guard and tackle with such impact that he knocked down three men on contact.

Outstanding players for the day were Richard Morgan on defense, making almost every tackle; Don Mossi, quarterback; Ray Settrini; and Ted Van Kirk, who ran 44 yards off right end.

Mrs. Faye Nielsen Elected President Of Sewing Circle

Mrs. Faye Nielsen was elected to the presidency of the Royal Neighbors of America sewing circle November 21 at an election meeting in Little Italy hall.

Other members of the new governing body include Mrs. Marie Currey, vice-president; Mrs. Merle Taylor, secretary-treasurer, and Mrs. Grace Coolish, club chairman.

Other business on the agenda was the choosing of new secret pals. Sandwiches and coffee were served after the meeting. Plans were made for the Christmas dinner to be served at the December 19 meeting, with Mrs. Elizabeth Sorensen supervising.

Those present were Mesdames Nellie Allen, Geraldine Allen, Lillian Thomey, Anna Romer, Rheda Rachor, Pat Severietti, Marie Ruecker, Agnes Wood, Cora Ray, Elizabeth Sorensen, Mattie Putnam, Faye Nielsen, Daisy Embree, Annie Smith, Cinderella Weber, Mae Miller, Johanna Hedvall, Grace Coolish, Lillian Gray, Margaret Heaton, Lois Storm, Merle Taylor, Marie Currey, and the hostesses, Mesdames Marie Thompson and Doris Davis.

Holiday Concert Slated Dec. 21st By Daly City Band

The Daly City Band, prize-winning musical troupe of Daly City players, will present a special Grand Holiday Concert December 21 in the auditorium of Our Lady of Perpetual Help school.

The concert, to be given at 2 p. m. under the direction of George E. Brenner, conductor, will feature a variety of marches and other lively band selections and Christmas music.

The program will include:

1. March from "The Kansas City Star," by A. Liberati.
2. "Katinka," by R. Friml; vocal refrains by Lawrence Tipton Banks.
3. (a) Trumpet solo, "Ave Maria," by Franz Schubert; Bobby Paredi.
   (b) "Silent Night," by Graber.
   (c) "Adeste Fidelis," by Portagallo; choir under direction of Sister Superior Clarice.
4. (a) "Procession of the Sardar," by M-Iwano.
   (b) "Chilean Dance," by Missud.
5. March, "Iowa the Majestic," by George Brenner.
6. French Horn Quartet, excerpts from "Der Frieschutz," by Von Weber; Barbara Roland, B. Howard, Jim White, William Giusti.
7. (a) "Tea for Two," by Vincent Youmans.
   (b) "Oriental Patrol," by F. Von Blon.
8. "The Bells of St. Mary's," by Stephen Adam; bells by August Jess.
9. Official Parade March, winner of 1947 championship, by King.

City To Purchase Two Lots That Adjoin City Hall

Purchase of two lots adjoining Daly City city hall was approved last week by the city council, at a session in the council chambers.

By unanimous vote, the council endorsed a resolution authorizing Mayor Melford D. Battye and City Clerk B. C. Ross to procure Lots 21 and 22, Block 4, Crocker Subdivision, on behalf of the city.

Other resolutions passed included a confirmation of the city's plans for eminent domain proceedings on the remaining unpurchased land for the War Memorial site.

A discussion of the San Mateo County Planning Commission's proposal that the additional bay bridge be built from Army street, San Francisco, was introduced by Arthur J. Bodien. Such a plan, Bodien said, would be beneficial to all of San Mateo county as well as San Francisco and Alameda.

Richard Sartori Asks $15,000 In Injury Suit

Suit for $15,000 was filed in Superior court last week against George Wagner and Honor Brands, Inc.

The action was filed by Richard Sartori, of Daly City, through his attorneys, the firm of Fahey, Bocci and Gallen.

Sartori asked $15,000 compensation for medical costs, personal injury and loss of work resulting from an accident allegedly caused by the co-defendants August 26 at Lomita Park.

Preference Rating Due Veterans In Civil Service Exams

Many veterans are losing out on good state jobs because of improper procedure in filing for veteran preference points in state civil service examinations, Floyd D. Granger, veterans service officer, said last week.

Local ex-servicemen were reminded that any veteran or widow of a veteran is entitled to 10 points additional on examination scores after attaining the minimum passing grade. Disabled veterans with current disability ratings of 10 per cent or more are granted 15 preference points.

To receive the preference, Granger explained, the applicant must file an "Application for Veteran Preference" with the State Department of Veterans Affairs, P. O. Box 1559, Sacramento, before the examination date.

This form must be submitted together with proof of status. A separate form must be filed for each examination. Application forms as well as complete information on civil service jobs and examinations may be obtained at the Veterans Service Office at the San Mateo County Courthouse in Redwood City.

IN MEMORIAM

A Great Soul Passes On

Down by the stagnant river pool
I saw a lily grow,
Lifting its delicate, fragrant head
From the slime and the ooze below.

Its heart was as pure as an angel's dream;
And its leaves were so saintly white
That it might have bloomed in the spirit world,
By the river of endless light.

And down by the stagnant pool of life
I saw a white soul grow,
Climbing and rising and struggling up
From the scum and the slime below.

Out of the darkness and gloom of night,
From the ooze of a black despair,
To a life that blesses a weary world
With its fragrance pure and rare.

Marvel of lily, and marvel of soul;
Blossom, and lowly one;
For each may rise till it warms its heart,
In the light of the glowing sun.

This community, the state and the nation mourn deeply for one who meant so much to all. John W. Marchbank, in his sudden passing on Monday, December 1, after a lifetime of charitable love and sympathy for his fellow men, left many a tear and many an ache in the hearts of all.

Blessed with the strength of character so few can command he surmounted a tremendous physical handicap and other difficulties in stride to reach the pinnacle of success. And, after reaching the top, he always held out a helping hand for those not so fortunate.

He was not one to seek applause or the plaudits of multitudes, but preferred to offer help incognito to the worried, mournful or needful—truly a Great Samaritan.

Always the first to dry a tear with his wholehearted sympathy; to comfort with a loving touch of the hand, a beautiful smile and a cheery word he will be missed greatly. Truly, a great soul has passed.

Mere words can never properly eulogize such a Christ-like person. Only the heartaches caused by his passing and the cleansing tears from the eyes of those left behind will make a proper and fitting eulogy.

Well, goodbye, pard — we know you will be among the first to greet us when our time comes and we, too, cross the great divide.

Slain Man's Widow Ill After Abortion

Mrs. Shirley Elaine Conner, widow of the Palo Alto credit man who was slain in a woods near the Stanford campus October 15, was reported in "good" condition at Palo Alto hospital this week after an illegal abortion performed Sunday, November 23.

According to Palo Alto police, the 21-year-old mother of three children underwent an abortion in a San Francisco hotel Sunday night. After returning home, she became ill and called a physician who had treated her previously.

Mrs. Conner told police that after her husband's untimely death, she saw no way to care for a fourth child. Her children are all under four years of age.

After a Palo Alto doctor had refused to perform the operation, Mrs. Conner stated, she went to San Francisco. One abortion outfit asked $650 for the operation, she said, but another agreed to do it for $300. San Francisco police will handle the investigation and prosecution.

Meanwhile, the two defendants charged with Conner's murder are attempting to secure the services of Leslie C. Gillen, San Francisco attorney and former assistant district attorney, as their counsel.

Gillen was called into the case by Mr. and Mrs. T. J. Durham, of Reedley, parents of Howard Durham. The younger Durham stated he had asked Gillen to represent Mrs. Jadwiga Curtin, co-defendant, as well.

Durham has declared he will marry Mrs. Curtin as soon as she is divorced from her husband, a Helena, Montana, veteran.

Clelia Forni Is Chosen To Head Robin Hood Circle

Clelia Forni will wield the gavel of the Past Chief Companions Club, Robin Hood Circle of Companions of the Forest, as the result of an election held November 20 at Mrs. Antoinette Calderoni's home on Divisadero street.

Other new officers chosen to serve during the new year are Edna Wood, vice-president; Antoinette Calderoni, treasurer; and Ernestine Forni, recording secretary.

Refreshments were served by the hostess after the meeting.

Charles Yonan Now Home Fom Hawaiian Tri

Few men still in their youth ever realize their dreams of languid vacations on far-off island shores.

Not so with Charles Yonan, young ex-navy officer who returned recently from just such an interlude in Hawaii.

Yonan, fed up with the hustle-bustle of college life on the Berkeley campus, boarded the Matsonia luxury liner some seven months ago to find out if it was true what they had heard about the islands.

Disembarking at Honolulu, the former Daly City man went on to the windward side of Oahu where he leased a lot at Lanikai beach. There, with another companion, Yonan pitched a tent and proceeded to build himself a house.

It took six month to complete it, Yonan said, being his first attempt at building. And there were countless other diversions on this romantic island to occupy his time and attention. But the studio bungalow, when finished was a bachelor's paradise.

The friendliness of Hawaiian natives is something Yonan says he won't forget. The transportation system, providing fast and efficient service, he claims, is far superior to local transits. Their public utilities, and in particular, their water system, are models of up-to-date production.

Back at home, and working as a clerk for the Railway Express, the young veteran finds it hard, sometimes, to keep from dreaming nostalgic dreams about the island home which waits for his return.

BATTLE AGAINST TUBERCULOSIS

Many people in San Mateo county do not realize that during the past year our county has become one of the foremost in the nation among those waging the battle against Tuberculosis.

For many years our county Tuberculosis and Health Association has equalled or bettered the efforts made elsewhere against the disease which we once called "the great white plague." But in 1947 the association assumed a definite leadership through the use of the mobile X-ray laboratory, purchased principally from funds derived from the annual sale of Tuberculosis Christmas seals.

At last the means are here to detect every case of active or incipient Tuberculosis in our county. Already, during the first years of operations, more than 40,000 free chest X-rays have been made. We have the promise of life and health for every person who has been so unfortunate as to contract this dread disease. We have even more in the means to reassure every citizen of the county of his or her own health, and, finally, we have a first-rank safeguard for our children.

The fullest use of this great service depends upon the modest yearly funds sought by the Tuberculosis and Health Association through the sale of Christmas seals.

The Record urges every citizen of the county to remit promptly and generously for the Christmas seals mailed this year. San Mateo county must not lose its leadership in the fight to end Tuberculosis for all time.

BILL OF RIGHTS

With each passing year the Bill of Rights—the first ten amendments to the Constitution which include the guarantees of freedom of speech, of religion, of the press and the right of petition — grow more important to the American people.

In a world where the efforts of too many governments and groups are aimed at stifling men's basic freedoms we have come to realize what a precious inheritance we have in the Bill of Rights. But even in our own country we have yet a long way to go before the privileges guaranteed under that document will be fully enjoyed by all citizens.

This was emphasized by the refusal of officials in at least one city in the South to permit Negroes and Whites to visit the Freedom Train at the same time. That was ironical, indeed, since the Freedom Train — as its name indicates — carries the very documents which are supposed to guarantee equal rights for all.

Of course, those in charge of the Freedom Train would not accept any such ruling and the train did not visit that city. It should be pointed out, however, that many Southern communities have made it clear that there will be no discrimination whatever among visitors when the train arrives.

Every American must make the defense of individual liberty his personal concern. If he tolerates discrimination against any man or group he is jeopardizing his own rights.

It has been said that freedom is everybody's job — and we must be on that job constantly if we are to preserve for ourselves and our children the principles and privileges we hold so dear.

MAIL EARLY

There's an old Chinese proverb that reads: It is always later than you think.

That applies to a lot of things including our Christmas mailing. December is here and the days between now and the 25th are dropping off the calendar like autumn leaves.

If you want your cards and packages to arrive at their destination in time for the big day you had better get them lined up right now and send them on their way in the next week—certainly not later than December 15.

By planning to send your gifts and messages well ahead of time it forces you to do your shopping earlier, and this gives you a much better selection of goods and cards from which to choose.

Remember too, that the postman is a human being. He'll appreciate it very much if you'll do your part in spreading out the load he has to carry over a period of a couple of weeks instead of jamming it all into a couple of days. How about getting at it right now?

Virginia Troche And Carl Hanes Unite In Marriage

One of the charming formal brides of the winter season was Miss Virginia Loise Troche, who became the wife of Seaman Carl Hanes in a double-ring ceremony Thanksgiving Day.

The rites were performed at Holy Angels church.

Old white lace trimmed the bride's white satin gown and her fingertip veil, which was held in place by a crown of seed pearls. White orchids, gardenias and sprays of bouvardia made up her bouquet.

Maid of honor was Miss Dora Callori, wearing a blue tulle gown fashioned on simple lines. Similar frocks were donned by the bridesmaids, Misses Beverly Montarbo, Melva Branchi and Pauline Troche. All wore sweetheart bonnets and carried white carnations and pink roses.

Best man was Norman Troche, brother of the bride. Richard Bohn, Paul Troche and Charles Meyers, all navy men, were ushers. Manuel Troche gave his daughter in marriage.

A buffet dinner given by the bride's sister, Miss Minnie Troche, was attended by approximately 75 wedding guests. A four-tier wedding cake highlighted the bride's table.

The benedict is the son of Mr. and Mrs. Ren Hanes of Wisconsin.

Virginia Loomis Is Feted At Party

Miss Virginia Loomis, who will become the bride of Jack Earl Wentz of San Francisco Saturday, was feted last Friday night at a shower by Department Drill Team No. 2, U.S.W.V.

Hostesses for the affair were Mesdames Mabel Donohue, Mamie Anderson, Lillie Brill, Ethel Denk, Betty Cannon, Mary Campbell, Gertrude Jones, Evelyn Hutchings, Alice Graige, Gertrude New, Grace Pratt, Madeline McKlen, Miss Georgette Lowden, and Mrs. Rose Loomis, captain, the honoree's mother.

Miss Loomis was honored at another shower Monday night, given by her cousins, Miss Lowden and Mrs. Hutchings. Refreshments were served buffet style from a table appointed with miniature bride and bridegroom.

Three Daly City Students Enrolled At State Polytech

Three Daly City residents, it was announced this week, are among the 29 San Mateo county men now enrolled at California State Polytechnic College in San Luis Obispo.

Edward T. Allen jr., son of Mr. and Mrs. E. T. Allen, 6754 Mission street, is studying animal husbandry. A graduate of Jefferson High school, Allen is a veteran of thirty-five months' service in the coast guard. He now resides in a student housing project maintained by the college at the former army station, three miles from the campus.

Alfred L. Grieg, son of Mr. and Mrs. A. A. Grieg, 638 Hanover street, is studying mechanical engineering. An army veteran and graduate of Jefferson High school, Grieg was elected treasurer of the California Polytechnic Engineers Society last spring.

Fred W. Waterman, an AAF veteran, is studying aeronautical engineering in his junior year. A graduate of Jefferson High school, he is the son of Mrs. L. Waterman, 182 Acton street.

Sophia O'Gorman

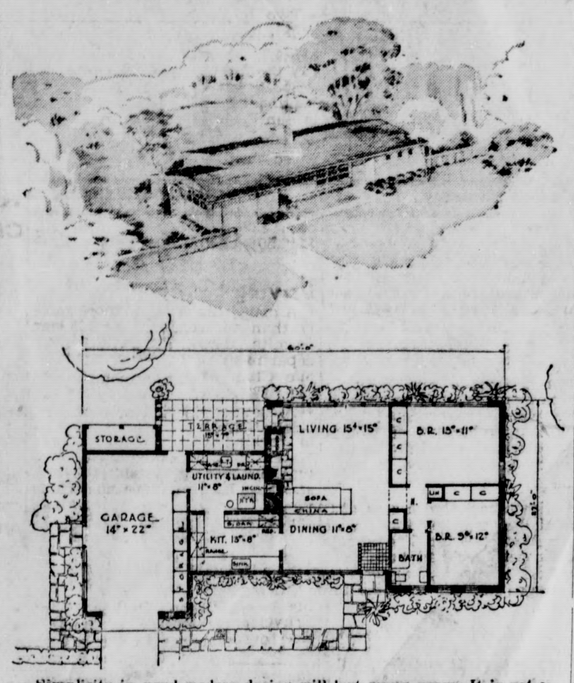
Mrs. Sophia O'Gorman, 62, better known in this vicinity as Mrs. Sophia Willis, died at her home, 163 Willits street, Daly City, November 25.

Mrs. O'Gorman's death came after an illness of more than a year's duration.

The deceased, a native of Utah, had resided in the community for two years and in California for 25.

Burial was at 10 a. m. last Friday in Cypress Lawn Memorial Park.

Simplicity in Modern Design



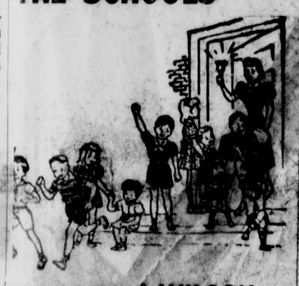
Simplicity in good modern design will last many years. It is not a fad. It is a direct honest expression of good taste in architecture. In this house, the simple character of the low pitched roof, the simple detail of the windows to add interest and the relation of these elements to the wall surfaces and landscaping are all a part of this straightforward design. Study the plan for the same simplicity of living. It comprises 1080 square feet, excluding garage.

Dwelling shown above is a photograph of a scale model of a "cut-out" home which can be obtained from House Beautiful Magazine for $2.00. The model is easily assembled, and gives the prospective home builder an actual model of the home he plans to build, complete with "cut-out" furniture.

By studying the scale model, the prospective builder is enabled to determine what changes he deems necessary before the house is actually built, thereby saving needless expense.

Blueprints and specifications of the dwelling shown above can be obtained for $5 per set by writing House Beautiful Magazine, 572 Madison Avenue, New York City 22, New York.

NEWS FROM THE SCHOOLS



WOODROW WILSON

Students in the seventh grade at Woodrow Wilson school are beginning their new social science unit, "The Cradle of Civilization." They are starting with the Tigris and Euphrates rivers in Mesopotania, about eight thousand years ago. The valley is called the "cradle"—the place where man began to learn better ways of life. The study is an introduction to the "road to civilization."

Students of the low seventh grade and high sixth are studying unusual events which took place during the War for Independence and have since become a part of American tradition.

For the past two weeks the low sixth grade has been studying measurements in arithmetic. They have learned to solve problems which confront the average storekeeper.

Boys and girls in the fifth grade are becoming very efficient in long division. They can divide by a two-number divisor and check the quotient by multiplication. They will begin immediately on fractions.

High third and low fourth grade children have been studying about the climate where coffee is grown. They have learned that coffee grows in hot countries; that during a wet season coffee trees bloom several times. In a dry climate, coffee trees bloom only once.

Members of the low fourth grade have enjoyed slides and stereographs of California Missions. Also in connection with their study of early California, they are making a list of Spanish words in common use today.

Early Spanish explorers who came to South America and traveled into North America are being studied and discussed. The conquests of Cortez, Cabrillo and Balboa are read and discovered by the class.

Low third grade children are learning about the oceans, continents and heat belts which effect the clothing habits of the world.

Loomis - Wentz Nuptials Slated For Saturday Night

Miss Virginia Rose Loomis will be preceded by a quartet of attendants when she walks down the aisle of Our Lady of Perpetual Help church Saturday night to become the bride of Jack Earl Wentz.

The bride elect, daughter of Mr. and Mrs. W. Loomis of 3312 San Jose avenue, will be dressed in formal white.

The Rev. Adrian McKenna will pronounce the marriage rites at 7 p. m. A reception at the bride's parents' home will follow the ceremony.

Wentz is the son of Mrs. Eula Wentz of San Francisco. The couple will make their home in Daly City.

Den 16 Boy Scouts Play Xmas Party

Plans for a Christmas party slated for December 23 were made Tuesday evening by Boy Scouts of Den 16 at St. Francis Community church.

During a court of honor, these boys received awards:

Dick Hiett, assistant denner stripe; Bert White, wolf; Don Williams, wolf silver arrow, and Robert Pool, wolf gold arrow.

Others present were Carl White, George Spoulos, and Dick Hopman. The next meeting will be held tomorrow at 27 Gambetta street.

JEFF HIGH NEWS

Bushes' Marionettes

Bushes' Marionettes were presented during assembly period December 2 by the National School Assemblies. The Bushes have been featured performers all over the world with their historical puppets. Dr. Bush gave the history of the puppets and demonstrated each type. This program proved to be a most clever one.

Musician Entertains Students

During assembly, November 24, Mr. Kessler, pianist and accordion player, entertained the student body and faculty with some musical selections.

Variety in these selections made the show a successful one. Besides several accordion numbers, Mr. Kessler played two piano pieces, one of which was the ever-popular "Tea for Two."

Mr. Kessler has a music studio in this vicinity.

This 'n That

The "Tom Tom," Jefferson's year book, is soon to go on sale. The theme of the annual will be kept a secret until its publication in June. . . . . The members of the C.S.F. (California Scholarship Federation) will be accompanied by Miss Henry, advisor, on a tour of the campus of the University of California. A member of the U.C. Tower and Flame Society will act as guide. . . . . The girls at Jefferson are planning to give a Hi-Jinx, which will consist of many skits. Parents will be invited, but as yet the date hasn't been decided. . . . . Tickets go off sale today for the Junior Prom. The theme of the dance will be a Paridise Isle. The affair will be semi-formal, and according to the juniors will be most original and unusual.

"The Professor Roars"

December 4 was the date set for the first play presented by the dramatics class under the direction of Miss Henry.

The comedy, entitled "The Professor Roars," concerned a college professor who proved to be a little too dignified for his own good.

The cast included: Bob Tann as the professor; Babs Tonella as his wife, Emily; Dorothy Probst and Lorraine Massoni as the two college girls; and Elisa Paradiso as Aunt Justina.

Art Project Underway

Miss Louise Baciocco's art class has produced paintings which are to be sent to France, Czechoslovakia and Italy. These pictures will be sent in the name of the American Junior Red Cross International School Art Project. Each package sent is to contain not less than 15 nor more than 25 pictures. As many packages as desired may be sent.

A descriptive caption of not over 25 words is to be glued to the back of the mount. The age of the artist, grade in school, name of school, and address of school will be typed or lettered neatly in ink on the face of the mount.

The purpose of this program is not to impress others with the technical skill of our American artists but to send work that is typical of American life as we see it. It is hoped that through these paintings sent to European students that they will get a better picture of America and, with it, a sense of understanding and appreciation.

Those students who contributed to the art project are George Giampaoli, Nancy Laumond, Rosalie Musante, Dolores Kollmeyer, Leola Huber, Jeanne McAvoy, Bob Van Scoy, Mildred Hansen, Florence Hannah, June Lemon, Barbara Greenwood, Doris Vallerga, Dolores Valentino, Jack Orovitz, Janet Lawrence, Don Greene, Wilma Heatlie and Beverly Tollner, Barbara Saumer, Robert Hailer.

GIRLS' SPORTS

SWIMMING

Claire Allen Receives Medal For Outstanding Swimming

Claire Allen, low junior, received a medal for being the most outstanding swimmer of the season. Claire has been out for swimming ever since she was a freshman. The choice was made by physical education teachers. During the term Claire also broke the record for the 25-yard free style. Her time was 14.0. Previously the record was held by Ruby Murphy, June '47 graduate, at 14.5.

Another Jefferson Union High School girls' swimming record was broken during the season by Phyllis DeChambeau, who swam the 25-yard breast stroke in 23.0. Last year's record was 31.0 and was held by Dolores Seiler.

TENNIS

Beverly Stein Becomes "Champ"

Tennis tournaments were held on Wednesday, November 12, during gym classes. The tournaments were held to determine the winners of each class.

The following girls won:

First period, Ruth Davidson and Ruth Mangodt; second period, Beverly Stein; third period, Jean Preston; fourth period, Dorothy Hacker; fifth period, Doris Vallerga; sixth period, Marie Sharp.

These girls then stayed after school hours to play games so they could determine the "champ" among them.

In the first games: Dorothy Hacker won over Ruth Davidson; Beverly Stein won over Doris Vallerga; Marie Sharp won over Ruth Mangodt; Jean Preston drew a bye.

In the second games: Beverly Stein won over Dorothy Hacker; Marie Sharp won over Jean Preston.

In the third and final game Beverly Stein won over Marie Sharp. This automatically crowned her queen of the tennis courts at Jefferson.

BOYS' SPORTS

Papooses Defeated by San Mateo

The Jefferson frosh-soph played their last league game Thursday, November 20, against San Mateo. Jeff was defeated 27-6, our only score coming when Joe Arrighi cracked over the line from the five to score. The conversion was not good. The team was not playing together as they did when they started the season.

We have defeated Burlingame, Palo Alto, Lincoln, and received defeats from Sequoia, San Jose, and San Mateo.

Basketball

The season now over, the Jefferson 110's ended up in last position and the 120's ended up third to last in the Peninsula Athletic League standings. At the time of publication, it was not known how the other P.A.L. schools rated.

Football

Jefferson beat South City 12-0 in the annual football classic Thanksgiving morning! Coverage of the game will be in the next issue.

Oysters

The only reason for avoiding oysters during months without an "R" is that these are the summer months when oysters are usually of poor quality because of the great expenditure of body material in breeding. According to the Encyclopaedia Britannica, fat oysters coming from pure water may be eaten at any season without danger to human health.

Ten More Help Serveau In Fight Against Leukemia

A staunch faith in the soul, sometimes faltering "goodness" in mankind has been restored for Charles Serveau, 516 Edgewood road, Redwood City.

Serveau, a sufferer of leukemia, made that statement last week when he was informed by the San Mateo County Blood Bank that 10 more county residents had volunteered blood donations to save his life.

The patient, who so far has received 27 blood transfusions at Community Hospital, must take one tranfusion each week to fight off death.

The supply now on hand will last ten more weeks, after which time more blood will be required.

The ten new donors include Verna Sykes, Mrs. M. Warren, A. L. Johnson and Melvin Murphy, of Burlingame; R. W. Foltz, Mrs. Patricia Rose and Miss Dorothy C. Wertz, San Mateo; Yvette Cuddy and Richard Rickerts, Redwood City, and Mrs. Marie Barsen of San Bruno.

New Arrivals

To the wife of James J. Murphy, Colma, November 19, a daughter.

To the wife of Raymond H. Duste, Colma, November 21, a daughter.

To the wife of John T. Willis, Colma, November 19, a daughter.

To the wife of Sebastian Bruno, Colma, November 20, a son.

To the wife of Louis P. Nannini, Colma, November 15, a son.

To the wife of Robert W. Russel, 48 Risel avenue, Daly City, November 22, a son.

To the wife of Waldemar B. Budde, 1040 Brunswick street, Daly City, November 25, a daughter.

Card of Thanks

Words cannot express the endless gratitude I feel to all those friends who paid high tribute to the late John W. Marchbank — with floral offerings and messages of sorrow at his passing.

Christmas Season Is Opened By Gen. Pershing PTA

Highlighted by a Christmas reading by Miss Clara Dills, county librarian, the regular monthly meeting of the General Pershing PTA opened the Christmas season last Tuesday.

Carols were presented by the Jefferson School District Mothersingers under the direction of Mrs. E. B. Ochander, and a solo was rendered by Mrs. George Freeland.

Plans were made for a Chirstmas party Friday, December 19, for the children of the General Pershing school. The Christmas dance for Saturday, December 6, was announced and all members were urged to bring their friends.

Refreshments were served in the PTA room, and the meeting was adjourned to be followed by the General Pershing PTA Country Store.

ria Domenichini

s. Maria Domenichini, 103 ver street, Daly City, died mber 24 in Notre Dame hospi She was 52.

e deceased, a native of Italy lived in Daly City for 17 years vivors include her husband ggero Domenichini, and two sis s, Mrs. Emma Lazzari and Mrs. seppina Easali of Italy.

rivate services were held No ber 26 in the chapel of W. C well and Co. Interment was in Golden Gate National cemetery San Bruno.

A total of 902 local cases of tu rculosis was reported in San ancisco in 1946.

Thomas Parker Dies

Funeral services were held from the Lasswell Funeral Parlor last Saturday for Thomas Hiram Parker, 77, who died November 26 at St. Francis hospital.

The deceased, a resident of California for the past 42 years, was a native of Lapeer, Michigan. He was a roofing contractor.

Sole survivor is his widow, Mrs. Nellie B. Parker.

Burial was in Olivet Memorial Park.

Some Arms

The arms of the orangutan — "man of the woods" — are so long that this ape can rest on its bent knuckles while standing upright, according to the Encyclopaedia Britannica.

Women Of Moose Plan Chapter Night Program Dec. 11

The chapter night program of the Moosehaven Committee of the San Francisco Chapter No. 739 of the Women of the Moose will be held December 11 at 26 Seventh street. Mrs. Harriet Marble, committee chairman, will be assisted by Margaret Cole and Nettie Wright.

In February, Mrs. Marble says, the Women of Moose will celebrate the 25th anniversary of the establishment of Moosehaven, "City of Contentment," located on the banks of the beautiful St. John's river.

The Women of the Moose have a very important part to play in the building and maintenance of this home as a regular part of their Moose activities.

At Moosehaven husband and wife live together as they would in their home, since the wife is admitted when her husband's application is approved for admission.

A class in honor of the 25th anniversary of Moosehaven will be initiated on this occasion. Refreshments will be served.

Lights and Angles

"Motorists who are careful to keep their car headlights in proper adjustment are sometimes careless in their use of the different beams," states L. G. Evans, general service manager for National Automobile Club. "One common criticism has to do with long range beams on grades. The angle of car travel may raise the beam to a dangerous height so far as the approaching driver is concerned even if such a thing would be impossible on the level highway."

San Francisco's Academy of Sciences maintains a public museum of natural history, Steinhart Aquarium, a scientific library and research departments with large scientific collections.

Two Landlords Pay Refunds and Fines

Two landlords of this district have been ordered to refund $3144.75 to nine tenants and to pay the federal treasury a total of $1853.50 in fines, according to judgments entered in federal court in San Francisco.

Federal Judge D. J. Black ordered Pearl Manuel, operator and owner of an apartment at 1945 Sutter street, to make the following refunds to tenants — Lillian Francis, $324.75; Alberta Mitchell, $266.50; Ceola Gray, $170; Earl Conner, $324; Elmo Brooks, $1206; and to pay a judgment of $1135.75 to the federal treasury.

Federal Judge Louis E. Goodman ordered Tinnie and Myrtle Mitchell, operators of a housing unit at 1810 Bush street, to make the following refunds to tenants — Celia Dangerfield, $107; Bessie Greer, $280; Lynette Johnson, $175.50; and Odel Phillips, $291. Judge Goodman entered judgment of $1,000 against the defendants in favor of the federal treasury.

Driving Safely

A driver can drive no more safely than the condition of his car permits, warns the public safety department of National Automobile Club. Every motorist should see that his windshield, rear window, and headlight lenses are clean, that his windshield wiper is in working order, that his exhaust system has no dangerous leaks, that his braking system is sound, and that his tires have no serious flaws. Care in these little things can save a life.

Long Coastline

Michigan has the longest coastline of any state, according to the Encyclopaedia Britannica. Its shore line totals about 1,600 miles.

News Column For Veterans

More than 300,000 women wore the uniform of the United States armed forces during World War II and were stationed in every major theater of operations throughout the world, performing a wide variety of jobs.

On their return to civilian life these women veterans are entitled to the same federal benefits as the male veterans. Federal benefits available to women veterans include the G.I. Bill, providing education or training, loan guarantys and readjustment allowances.

Women veterans are entitled to the same kind of medical treatment available to other veterans, but there are some minor differences in the manner of providing medical or hospital care.

Women veterans of the following organizations are eligible for veterans benefits: Army or Navy Nurse Corps, Women's Army Corps, Women's Reserve of the Navy, Marine Corps or Coast Guard, provided they served on active duty between September 16, 1940, and July 25, 1947, the official end of the war as veterans' benefits are concerned.

The only exception would be women who may have enlisted or reenlisted for service since V-J Day. Some of these future women veterans could count their service after July 25, 1947, as entitlement for benefits.

There are several exceptions in the methods of awarding federal benefits in the cases of women veterans as compared with male veterans. The widower of a woman veteran is not included in the term "widow" for the purpose of VA benefits. If husband and wife are both veterans and going to school under the G.I. Bill the veteran husband could draw subsistence allowance for his wife as a dependent, but the wife could not draw subsistence allowance claiming her husband as a dependent.

There were some women who wore a uniform, but did not fall in the same class as those who served in the armed forces. These groups, whose members are not eligible for federal benefits, include the Women's Air Service Pilots, the Women's Flying Training Detachment, the Red Cross and United Service Organizations.

Question: Can I use a G.I. loan to build an addition to my house?

Answer: Yes, a G.I. guaranteed loan could be used for that purpose.

Question: I am a veteran of World War I. Is there any time limit for filing a claim for compensation for disability caused by my war service?

Answer: No.

Merced Named

Merced, Merced county, is reported by National Automobile Club to derive its name from the Merced river which the Spanish called El Rio de Nuestra Senora de la Merced — "The River of Our Lady of Mercy."

World's Motor Vehicles

With less than seven per cent of the world's population, the United States has 81 per cent of the world's passenger automobiles and 57 per cent of all trucks, according to the National Automobile Club.

Kern County Game

Pheasants and quail shooting was very good on the opening of the season in Kern county, according to the National Automobile Club. Pheasant shooting was particularly good in Greenfield and Buena Vista Lake area, and many bears have been spotted in the Evans Flat and Jack Ranch area.

Del Norte County Fishing

Salmon fishing has been first-rate recently in the Smith and Klamath rivers, Del Norte county, reports National Automobile Club. Steelhead are fairly plentiful in the Klamath.

Bears Plentiful

Bears are plentiful throughout Del Norte county, reports the National Automobile Club.

Quail Hunting

Best quail hunting in San Diego county is being had in the Ramona area and along the southern part of the county near the Mexican border, according to the National Automobile Club.

In 1834, Governor Figueroa defined the boundaries of the pueblo of San Francisco and ordered an election of municipal authorities.

COURT SALESIAN TO HOLD SOCIAL

Court Salesian No. 1005, Catholic Daughters of America, will sponsor a holiday get-together at 8 p. m. Friday in Corpus Christi hall.

Proceeds from the affair will augment the court's charity fund. Refreshments will be served.

Smooth Bromegrass

Smooth bromegrass is useft combination with alfalfa or c as pasture or hay. On rotation this bromegrass-legume com tion must be plowed down for crops while still highly produc Otherwise bromegrass may us available nitrogen. Bromegrass palatable, leafy. drouth resistant, good sod-former and gives high fo age yields.

What kind of a Christmas present is that?

That, Madam, happens to be the famous Martin Outboard Motor—and if your man's a sportsman, it's probably the Christmas gift he's dreaming of!

So why not give it to him—by joining the Martin-Motor-for-Christmas Club now! You get budget terms; 90-day free service on parts and labor; delivery to your home just before Christmas; and satisfaction *guaranteed*—or a full refund if the motor is returned by January 2nd. We even send a man to your home to explain how the Martin motor operates.

Check the exclusive Martin features below—and then sign up for the grandest present that man of yours ever had!

BUDGET PLAN! Low down payment; as long as 24 months to pay.
Martin "40" Full Price $150.45
Martin "60" Full Price $180.45

Martin Gives You Many Exclusive Features, PLUS Those You Regularly Get in a Fine Outboard Motor

- *Exclusive!* Mechanically-controlled poppet valves allow even fuel distribution, sputter-free transition from low to high speeds.
- *Exclusive!* Full Swivel to pivot propeller end right into boat. Eliminates reaching into the water to check lower unit.
- *Exclusive!* Vertical Stern Adjustment allows correct vertical positioning of motor by turning a knob.
- *Exclusive!* Combined Filler Cap, Air Vent and Spare Shear Pin Clip, contains extra shear pins. Can't rattle, can't come loose.
- Full reverse steering
- Alternate firing
- Depend-a-pull starter
- Synchronized and centralized controls.

Cars Showing Many 1948 Studebaker Improvements

Studebaker, which originated a "new look" in automobiles with the industry's first genuine post-war design, creates still higher standards of style and comfort with its 1948 models.

Panoramic, full-vision windows; weight distribution that cradles passengers in the comfort zone of the chassis; non-glare, "block light" instrument illumination; superior engine performance and economy; a new suremness on curves and at high speeds; self-adjusting, full power brakes; and an audacious styling that absorbs fenders into the body and offers exceptional interior spaciousness are listed as outstanding features of two series of passenger cars.

In addition, the company summarizes improvements as follows:

COMMANDERS — Readily discernible refinements in cushioning include a brand new and striking method of adjusting the resiliency of front seats to the weight or preference of the occupants. Foam rubber is used as standard equipment in both front and rear seats of all closed models. The company pioneers in the luxurious Land Cruiser with the first automotive application of nylon upholstery. Other styling touches cover redesigned grilles, front bumpers and bumper guards. Chassis improvements assure easier steering and greater stability on curves.

CHAMPIONS — Personalized front seat cushioning also features the new Champion as well as many changes which mean added motoring pleasure. Styling refinements include new grilles, front and rear bumpers, instrument panels and hood ornamentation. Improved cold weather warm-up and hot weather starting are credited to engine changes.

The ingenious development that tailors front seat characteristics to individual tastes is another Studebaker "first" that is expected to find many future imitators. Compact, wrapped auxiliary spring coils are made available for insertion in the "pockets" of re-engineered cushions.

"While we have been able to make front seats adjustable to a driver's height by backward-forward positioning," said a Studebaker statement, "no company has heretofore contrived an adjustment for different body weights. As a result, all cushion springs were built for average owners.

"The auxiliary springs can be easily installed. Either the driver's seating area alone or the entire front seat can be fitted with the auxiliaries."

The 1948 Studebaker lineup consists of both open and closed body types and in contrast to the situation when 1947 models were introduced 18 months ago, all will be on the retail market at or near the announcement date. Closed bodies in Champion and Commander series will be produced in Deluxe and Regal Deluxetrim. The Regals are distinguished by a higher quality upholstery and richer embellishments. The Land Cruiser retains top rank among the company's fine car offerings.

Notable this year, rakish Champion and Commander convertibles make their debut along with the closed bodies. Convertibles were added to the line near the end of the 1947 run but only a few hundred produced. The company anticipates that the high styling of this model will win major attention in the open car field.

Although conforming in general to the mode originated by the company as the industry's first postwar automobiles, the convertibles benefit immensely from the modern Studebaker styling. Champion and Commander models differ in size and treatment but have in common such conveniences as automatic top control which makes possible the transition from an open to a closed car in a matter of seconds, weatherproof upholstery, full-vision windshields, and smart color options marked by new iridescent metallic hues.

The extreme comfort and road-hugging qualities for which the 1947 Studebaker became famous once more are readily demonstrable. Due to a relocation of power plant and seats farther forward on the frame, passenger weight is cradled between the axles. An impressive advance on the 1948 Commanders is brought about by the re-positioning of rear shock absorbers. The change appreciably reduces any tendency of body weight to shift sideways on curves. Steering on the Commander has been greatly improved by additional needle bearings in the steering knuckles.

Nylon upholstery on the 1948 Land Cruiser is another trail blazing step by Studebaker. Increased sheen and richness are immediately apparent. The upholstery in addition is extremely durable, more easily cleaned than conventional cloth and can safely be washed with soap and water. Center, folding arm rests are in-built in Land Cruiser rear seats.

Such well-known Studebaker developments as rotary door latches and variable-ratio steering are present in the new cars. Hill-holders are optional on the Champion but standard equipment along with another prized motor car feature, the oil filter, on all Commanders. The famed overdrive, which adds even more miles to already fine economy standards, will be available on both series. Still another topflight accessory is Studebaker's exclusive Climatizer, which assures fresh, warm air on the coldest of winter days.

Redesigned radiator grilles, new bumpers and bumper guards, and ornamentation impart a fresh appearance and enhance the streamline motif which has made the Studebakers the most discussed cars on American highways. Complementing the bright metalwork, colors further the trend toward lighter, more brilliant bodies.

Chico Founded

Chico, Butte county, was founded by General John Bidwell on his Rancho Chico in 1850, according to the National Automobile Club. His stone mansion, built in the 60's, still stands in fine condition.

Pheasant Hunting Excellent

Pheasant hunters are enjoying excellent sport in the southern region of Butte county, reports the National Automobile Club. Hunters should obtain permission of landowners before trespassing.

Salmon, Steelhead Taken

Large numbers of salmon and fair numbers of steelhead are being taken from the Eel river near Dos Rios in Mendocino county, reports the National Automobile Club.

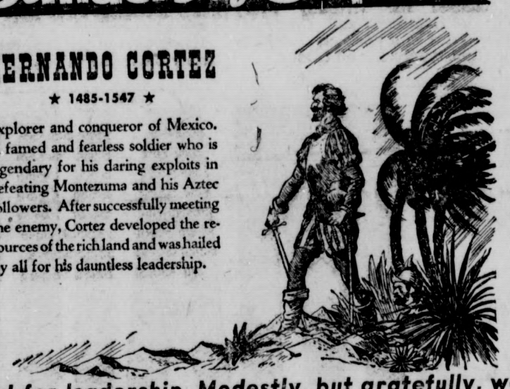
Builders of Empire
HERNANDO CORTEZ
★ 1485-1547 ★
Explorer and conqueror of Mexico. A famed and fearless soldier who is legendary for his daring exploits in defeating Montezuma and his Aztec followers. After successfully meeting the enemy, Cortez developed the resources of the rich land and was hailed by all for his dauntless leadership.



Hailed for leadership. Modestly, but gratefully, we have accepted the plaudits of our customers for the service we have rendered them in their building problems. They have always found that they could come to us for the very best in building materials and supplies. They have found, too, considerable savings in time and money. Come in today!

YOU CAN SAVE MONEY EVERY DAY OF THE WEEK ...at SAFEWAY

That is no idle statement on our part either. We know that if a customer will check her Safeway purchases regularly against those made in another store, she will find that at the end of a thirty-day checking period she will have saved considerable money...money which will be left in her budget to buy some of the extra things she'll want. Under a long established pricing policy, our first step is to give Safeway customers the benefit of our efficient way of doing business by pricing everything at the lowest point which will yield a fair profit. Today we go beyond this in that we also meet the prices of every competitor, item by item, day by day, town by town.

Ten Dead, 200 Hurt To Be Traffic Toll Every Day In Dec.

Ten persons will be killed and 200 injured in California traffic accidents each day in December if the average of the last 10 years holds true, was the grim warning issued today by Clifford E. Peterson, commissioner of the California Highway Patrol as he emphasized the statewide "Don't Let Death Take Your Holday" program now in progress.

"All out public support can reduce this terrific toll," Peterson said. "Last Christmas was a period of heavy loss of life, but New Year's Eve was much improved when public opinion was aroused and the cry for greater safety came from all sides. This year we hope to make the entire month the safest December in history."

Peterson listed too much speed, driving while intoxicated, improper passing, and violation of right-of-way laws as the principal causes of highway accidents. "Drivers and pedestrians alike must realize these dangers and do their part in changing the accident picture in California."

Ground Breaking Ceremonies At Lutheran Church

Ground will be broken for the new church edifice in the ceremony following the morning worship at Bethel Lutheran church, 2525 Alemany boulevard. The Rev. Herbert P. Schroeder will preach on the subject: "Thy Kingdom Come" in the service which begins at 10:45 o'clock.

The pastor, the president of the congregation and the chairman of the building committee will participate in the ground breaking ceremonies. The earth will be turned at the approximate location of the chancel in the new church. A. W. Johnson is the architect and Wm. Horstmeyer Co. is the builder.

Slow Down To Be Safe

"Don't cut back to the main road surface sharply after running off on the road shoulder," advises Bert Stewart jr., public safety director for National Automobile Club. "It is the instinctive thing to do but the wheel striking the road edge at a good speed is likely to twist the steering wheel out of the driver's hands. Pull back on the surface only after slowing down."

DAV Broadcast Set For This Sunday; Pearl Harbor Day

Officially launching the Disabled American Veterans' rehabilitation and service fund appeal, National Legislative Chairman Millard W. Rice, of Washington, D. C., will broadcast a world-wide Pearl Harbor Day radio address from Honolulu next Sunday.

Rice will be heard over the Mutual radio network at 11:45 a. m. (P.S.T.). Radio station KFRC, San Francisco, will broadcast the speech to the west coast.

Rice flew to Hawaii this week to be special guest of the Purple Heart chapter of the Disabled American Veterans in a brilliant commemorative program at Pearl Harbor.

A budget of $300,000 will be sought in the coming drive in California, according to State Commander John W. Shannon of San Francisco. Civic, veterans, patriotic, welfare and labor organizations will be invited to conduct the voluntary appeal for aid to the nation's disabled veterans.

Chevrolet Trucks In Record Sales

Chevrolet sold a record-breaking 29,461 trucks during October 1947, more truck sales than have been reported in any single previous month in Chevrolet's 35-year history, it was announced here today by T. H. Keating, general sales manager.

Production and sales have been climbing steadily since the new "advance-design" line of trucks first was announced to the public last June. The previous record-breaking month for truck sales was June 1941, when 28,367 commercial units were sold. These figures represent sales in the United States by dealers to consumers.

Reflecting an increased demand for trucks over prewar conditions, Keating pointed out that approximately 31 per cent of the unfilled orders on Chevrolet books are for trucks. During the last years before the war, approximately 19 per cent of Chevrolet's total sales were trucks.

Chevrolet's "advance - design" trucks feature numerous comforts for the driver, as well as postwar mechanical improvements. There is a wide variety of models on eight wheelbases for virtually every type of hauling, and Chevrolet dealers are in a position to supply the right trucks for all trades.

Oregon Leads

Oregon has more standing timber within its boundaries than any other state, according to the Encyclopaedia Britannica. Its timber amounts to 438 billion board feet, or nearly one-fifth of the supply of the whole United States. Almost half of Oregon's standing timber is within the 13 national forests of the state.

Low Flyers

Contrary to popular belief, migrating birds do not fly at great altitudes. According to the Encyclopaedia Britannica, most migrant birds travel at less than 3,000 feet above the earth, and it is unusual to find them above 5,000 feet. In many instances birds pass at very moderate altitudes, particularly above the sea, where they may barely clear the waves.

Corpus Christi PTA To Hear Rev. Brown At Dec. 8 Meeting

The Rev. James N. Brown, assistant superintendent of parochial schools, will be guest speaker at the December 8 meeting of the Corpus Christi Parent Teacher Association.

The meeting will come to order at 8:15 p. m. in the church social hall. The event will mark the last 1947 meeting before the annual Christmas party.

Mrs. John Antone, Christmas celebration chairman, has promised an entertaining evening to those attending the party. The Rev. James N. Brown has offered his services as guest speaker.

IN THE SUPERIOR COURT OF THE STATE OF CALIFORNIA, IN AND FOR THE COUNTY OF SAN MATEO

MARITA R. JENNINGS, Plaintiff, vs. WELLS FARGO BANK & UNION TRUST CO., as trustee of the trust created by the decree of distribution in the matter of the estate of John Arthur Drinkhouse, also known as John A. Drinkhouse, also known as J. A. Drinkhouse, deceased, JOHN FREDERIC WILLCOX, MARIE LOUISE PHILLIPS, MARIE L. WILLCOX, JOHN DAVID WILLCOX, MARIE ELIZABETH WILLCOX, FRED ROY DRINKHOUSE, W. J. KIRKPATRICK, RAUER'S COLLECTION CO. INC., a corporation, LOUIS SPENCER, doing business as Spencer Collection Service, STATE OF CALIFORNIA, FIRST DOE, SECOND DOE, THIRD DOE, FOURTH DOE, FIFTH DOE, and also all persons unknown who have or claim any interest in or lien upon the real property herein below described, Defendants.

THE PEOPLE OF THE STATE OF CALIFORNIA SEND GREETING TO:

WELLS FARGO BANK & UNION TRUST CO., as trustee of the trust created by the decree of distribution in the matter of the estate of John Arthur Drinkhouse, also known as John A. Drinkhouse, also known as J. A. Drinkhouse, deceased, JOHN FREDERIC WILLCOX, MARIE LOUISE PHILLIPS, MARIE L. WILLCOX, JOHN DAVID WILLCOX, MARIE ELIZABETH WILLCOX, FRED ROY DRINKHOUSE, W. J. KIRKPATRICK, RAUER'S COLLECTION CO. INC., a corporation, LOUIS SPENCER, doing business as Spencer Collection Service, STATE OF CALIFORNIA, FIRST DOE, SECOND DOE, THIRD DOE, FOURTH DOE, FIFTH DOE, and also all persons unknown who have or claim any interest in or lien upon the real property herein below described, and to all persons claiming any interest in, or lien upon, the property herein described, or any part thereof, Defendants.

YOU ARE HEREBY DIRECTED to appear and answer the complaint in an action entitled as above brought against you in the Superior Court of the State of California, in and for the County of San Mateo, within ten days after the service on you of this summons — if served within this County, or within thirty days if served elsewhere.

The said action is brought to obtain a judgment and decree of partition of the following described real property:

PARCEL I

All that certain real property situate in the County of San Mateo, State of California, described as follows, to wit:

BEGINNING at a point in San Francisco Bay, 30 chains East and 20 chains South of a granite monument set on the northerly line of Section 15 in Township 3 South, Range 5 West and 30 chains West of the northeast corner of Section 15; thence along the West line of Section 14, South 20 chains; thence East 20 chains; thence North 20 chains; thence West 20 chains to the point of beginning.

Being Tide Land Lots 9 and 10 in Section 14 of said Township 3 and containing 40 acres, as shown on Map No. 1 of Salt Marsh and Tide Lands.

PARCEL II

All that certain real property situate in the City of Atherton, County of San Mateo, State of California, described as follows, to wit:

Lots 44 and 49, as designated on the map entitled "MAP OF THE SUBDIVISION OF THE POLHEMUS TRACT IN THE RANCHO DE LAS PULGAS NEAR MENLO PARK AND LELAND STANFORD UNIVERSITY," which map was filed in the office of the Recorder of the County of San Mateo, State of California, on August 29, 1891 in Book "C" of Maps at page 64 and a copy entered in Book 2 of Maps at page 35.

EXCEPTING THEREFROM that certain triangular piece of land in the northeasterly corner of Lot 44, deeded by J. A. Drinkhouse to Peninsular Railroad Company, a corporation, by Deed recorded September 23, 1907, in Book 141 of Deeds at page 149, Records of San Mateo County.

PARCEL III

All that certain real property situate in the County of Kings, State of California, described as follows, to wit:

The Northeast Quarter of the Southwest Quarter (NE ¼ of SW ¼); the Southeast Quarter of the Northwest Quarter (SE ¼ of NW ¼); the Southwest Quarter of the Northeast Quarter (SW ¼ of NE ¼); and, the Northwest Quarter of the Southeast Quarter (NW ¼ of SE ¼), all in Section 20, Township 20 South, Range 19 East, Mount Diablo Base and Meridian, in the County of Kings, State of California.

PARCEL IV

OFF THE BLOTTER

One of the most exercised duties of the Daly City Police Department is its responsibility toward injured persons who solicit its help.

Six such cases were handled last week by local officers.

On Monday, the department was called upon to provide transportation to the hospital for a small child who had drunk a quantity of turpentine.

William F. Fitzgerald, who gave his address as the Villa Sanitorium, was taken to Junipero Serra Hospital for treatment of injuries received when he fell on San Pedro road in front of Colombo Hall. The man was jailed on a drunk charge upon release from the hospital.

Richard Wesley Bonamarte, 1905 Fifth avenue, Oakland, was taken to the hospital after he had driven his car, a 1939 Hudson convertible coupe, into a pole at Mission and West Lake. Bonamarte said he had fallen asleep.

Officers took Louise Frazone, 1711 Stockton street, to Junipero Serra Hospital when she injured her left hand and wrist in a minor traffic accident during a funeral procession.

A four-year-old boy was treated yesterday by Dr. Lawler A. Drees for injuries to his foot. The child was injured when the driver of a small pickup truck started his vehicle, unaware that the boy was sitting on his right running board.

Walter Mosher, 19, a native of Polk county, Minnesota, received superficial face injuries in a scuffle with policemen who were making their patrol last night. Mosher, who was sleeping in a cot in the Imperial Grill, challenged the officers when they opened the grill's unlocked door. The youth, who works at the grill, said he thought the men were burglars. The officers stated they thought he was a thief.

A description of two boys who allegedly held up Len Stephens, 339 Evergreen avenue, as he walked up the stairs of his home, was broadcast over the police radio by the local department.

FIRE FIGHTERS FACTS

By Mel Hanson
Publicity Chairman

Vol. 1, No. 14 December 5, 1947

A True Friend Passes

A true friend of the Daly City Fire Department passed away Monday of this week. He was John W. Marchbank, a resident of Daly City for many years. Mr. Marchbank did much to make the Daly City Fire Department the fine department which it is today. Many members of the department will mourn his passing.

Ten Vets Attend Banquet At Palace Hotel

Ten veterans of the Daly City Veteran Firemen's Association were guests of the San Francisco Veteran Firemen's Association at a banquet held in the Palace Hotel.

The San Francisco and Daly City Veteran Firemen's associations hold a banquet once each year to renew old acquaintances and make new friends. Ten invitations are exchanged by the two associations each year.

A wonderful time was reported by those who attended.

Veterans Will Hold Initiation Tonight

The Veteran Firemen's Association of Daly City will welcome new members to their association tonight at the Veterans hall on Santa Barbara avenue.

After the initiation a turkey dinner will be served in honor of the new members.

In order to become a member of the Veteran Firemen's Association a prospective member must have served in the Daly City Fire Department for five years and must be passed by an examining body before application for membership is accepted.

Company No. 4 To Hold Annual Xmas Party

Company No. 4 will hold their annual Christmas party and buffet dinner December 20.

The party is being held for all members of Company No. 4 and their families. Gifts will be exchanged.

The ladies auxiliary will prepare the food, which will include baked ham, potato salad, and all the trimmings.

Captain Fred Mather is the general chairman of the affair.

Lieutenant Peter Bordson is chairman of refreshments. Everyone is looking for the same wonderful time that they have enjoyed in the past many years.

Think Before You Act

Here is a little reminder that must come around Christmas time. I know many of you will think that I am just a kill-joy and should be quiet about the fire hazards that enter the picture about this time and stay with us until the Christmas tree is taken down again.

Make sure that the tree is away from the fire place or heaters.

Do not use candles on tree.

Do not attach more than three strings of lights to one outlet (overloading lines will cause fire).

The reason I mention these hazards at this time is to caution you before it is too late. Let's try to make this Christmas a safe one—a Christmas without a single fire.

Busy Month for Firemen

The fire department responded to 12 fire calls during the month of November — six of these being false alarms. In other words, 50 per cent of the total calls were false. It seems that the percentage of false alarms is getting higher instead of lower as was hoped by the fire department.

There isn't much more that we can do but to ask again for your full cooperation, and try to lower this outstanding average.

November 1—Box 38, 6:12 p. m., FALSE; Companies 1, 2, 6 responded.

November 1—Box 38, 9:05 p. m., FALSE; Companies 1, 2, 6 responded.

November 6—Box 33, 5:40 p. m., House; Companies 1, 2, 6 responded.

November 14—Box 35, 5:15 p. m., Bonfire; Companies 1, 2, 6 responded.

November 15 — Box 212, 9:50 p. m., Auto; Companies 1, 2, 6 responded.

November 16 — Box 632, 12:03 a. m., FALSE; Companies 1, 2, 6 responded.

November 17 — Box 47, 2:50 p. m., FALSE; Companies 1, 2, 4 responded.

November 19 — Box 613, 6:10 a. m., Street Car; Companies 1, 2, 6 responded.

November 19 — Box 54, 2 p. m., Rubbish; Companies 1, 2, 4 responded.

November 23 — Box 277, 12:55 p. m., FALSE; Companies 1, 2, 4 responded.

November 27 — Box 54, 11:10 p. m., FALSE; Companies 1, 2, 4 responded.

November 29 — Still Alarm, 3 p. m., Dump Fire; Company 1 responded.

Belluomini Gets $3,000 Settlement

Settlement on a long-standing court dispute was made last week with the payment of $3,000 plus court costs to Angelo Belluomini, 712 Niantic avenue.

The settlement resulted from an action filed by Belluomini in October, 1946, against the George Lagomarsino Ranch. The action in accounting asked determination of profits due him over a period of two years, fiscal 1945-46, during which time Belluomini alleged he was sick and disabled.

Agreement to settle was reached September 25, after a two-day trial before Judge A. R. Shottky at Superior court. The partnership was dissolved at that time.

Thomas L. Bocci jr. handled the complaint for the law firm of Fahey, Bocci and Gallen.

GEN. PERSHING PTA SPONSORING COUNTRY DANCE

To start off Christmas festivities, the General Pershing PTA is sponsoring a Christmas dance at 8 p. m. Saturday in the Community Center at 335 Bellevue avenue.

Square dancing, folk dancing and round dancing will provide recreation for teen-agers through grandparents. The holiday spirit will rule in decoration and refreshments. Co-chairmen Mrs. Jack Caine and Mrs. V. M. Faragher have promised a gala evening and urge all members to take advantage of the fun. The general public is cordially invited to attend.

PTA Country Store Was "Sell Out"

Stocks disappeared so quickly from the booths in the General Pershing PTA Country Store last Tuesday that many late-comers were disappointed. The home-made cakes and pies, and hand-made articles from the Thread and Needle Club brought out a large crowd in the afternoon.

Shelves of the Country Store were almost bare when the evening crowd arrived to play whist. The whist party was termed a success. Winners had a large selection of prizes from which to choose. Prizes were donated by the General Pershing faculty, local business establishments, and PTA members.

Country Store Chairman Mrs. Abe Gensel and Whist Chairman Mrs. George Freeland were pleased with the success of the affair, which had been planned since last spring. Mrs. M. E. Nensteil, president, expressed her appreciation to all those who participated.

DALY CITY BASEBALL CLUB WINS 31 GAMES OUT OF 34 PLAYED

The Daly City Baseball club is proud of itself this week in that it is the only team either in the National or American League that has won seven straight games. The boys are in first place and now have eyes on the pennant. Its record so far this season is 16 games in a row, and 31 out of a total of 34. It has reason to be proud, no?

Manager of the team is Ed White, former boxer. His son plays on the team and his sister keeps score. The two topnotch pitchers for the club are Lefty Hazel and Fred Fazzio, a righthander. Hazel has pitched 13 winners.

On Sunday, November 23, the boys crossed bats with Foster's at Marchbank park. The localites scored three runs in the first inning and kept the lead to win by a score of 9-4. Batting honors went to Harry Krohn, catcher, and Neil Pezzola, first baseman. Krohn was responsible for four runs.

The box score follows:

DALY CITY BALL CLUB	AB	R	H
Sylvestri, cf	3	2	1
Schultz, 3b	3	1	0
Sick, rf	5	0	1
Fazzio, lf	3	2	1

Jacobs, p	5	1	1
Babit, lf	4	0	2
Morelli, 1b	3	1	0
Campilongo, c	5	0	1
Totals	38	4	7

The following Sunday they met Funston's Cavern at Marchbank park and defeated them by a score of 5 - 4. It was a close game all the way but the local boys edged ahead in the seventh inning to keep the lead. This game made it seven in a row for the team in the AA league.

Neil Pezzola, first baseman, collected three of the 12 hits, scoring the two runs, one the winning run. A spectacular catch was made by Fred Fazzio, left fielder and relief pitcher, who covers a lot of territory in left field. Fred Lucia, short stop made a sensational catch to save the game.

The box score follows:

DALY CITY BALL CLUB	AB	R	H
Sylvestri, cf	5	1	1
Schultz, 3b	5	0	2
Sick, rf	5	2	2
Fazzio, lf	5	1	2

Totals	34	4	7

The Daly City Baseball club will meet the Harrison A.C. at Marchbank park at 2 o'clock next Sunday.

The boys have asked the Daly Cityites for support and hope to see a big crowd there Sunday. They promise a good game.

Mrs. Rochex Resigns Red Cross Office

The resignation of Mrs. A. A. Rochex after 31 years of service with the San Mateo County Red Cross was announced last week by Walter Martin, chairman.

At the time of her resignation, Mrs. Rochex was working as chairman of first aid, water safety and accident prevention.

"Mrs. Rochex has set a high standard of accomplishment for all of us," Martin declared. "She served faithfully and well on the executive committee and her wise counsel will be missed. We speak for the community as well as volunteers when we thank her for all she has done."

Early Returns Low In TB Seal Sale

Remittance for Tuberculosis Christmas seals distributed through the mail has been extremely meager so far, according to workers on the sale.

More than 8,000,000 seals have been mailed to county residents by the San Mateo County Tuberculosis and Health Association in the annual drive for funds to finance service and preventative programs through 1948.

Although it is too early to tell what the sale's outcome will be, says Mrs. Ruth Close, executive secretary for the association, the response of previous years led us to expect a considerably larger early return.

Recreation Institute To Enter Second Week

The third in a series of six training sessions in a two-week recreation leaders' institute will be held tonight at San Mateo Junior College.

The institute, staged jointly by the Committee for the Study of Recreation in California, local recreation commissions and the Adult Education Center, is financed by a grant from the Rosenberg Foundation.

Such courses as craft work, music directing, social recreation, party planning, dramatics, dancing and art are offered, as well as comprehensive instruction in such fields as Understanding the Community, Schools and Recreation, Therapeutic Value of Leisure Time Activities, Phychology of Youth and Youth Leadership, etc.

Catholic Ladies' Whist Party Next Tuesday

A Christmas whist party will be sponsored next Tuesday night by the Catholic Ladies' Aid Society in St. Michael's parish.

The party will begin promptly at 8:30 p. m. Mrs. Mary Hanley will be hostess.

Native Daughters Urge Xmas Bonds For The Small-fry

Parents, uncles and grandmas who, at this time of year begin to ponder the age-old question of what to buy the small-fry for Christmas, can take a tip from the local members of the Native Daughters of the Golden West.

It's simply this! Buy a United States Savings Bond as a Christmas gift. Upon purchase of a bond for a child, the Native Daughters will issue a colored Walt Disney certificate, especially drawn for the occasion. The certificate, bearing the child's name, is edged with pictures of Disney's seven famous dwarfs.

The issuance of these certificates for new born babies and youngsters for whom a bond has been purchased has been a Native Daughters program throughout the state for several years, according to Lucille Wohler of El Carmelo Parlor, No. 181, N.D.G.W.

"We send a letter to the parents of newborn children," Miss Wohler explained, "urging that a U. S. Bond be purchased for the child and, upon receipt of word that a bond has been obtained, we issue one of these clever Disney certificates. Beyond the cost of the bond, there is no charge.

"Thousands of parents and relatives have arranged for presentation of these certificates in the past few years and, last Christmastime, the demand was unusually heavy.

"This is easy to understand. What better present for a child than a tangible bit of ownership in his or her own country?"

News Notes From S. M. Jaysee

A total of 185 San Mateo Junior College students are enrolled in the school's honor society, the Eta chapter of Alpha Gamma Sigma. Membership was granted on the basis of grades earned last semester.

Requirements include: a minimum of 32 honor points in not less than 12 units; no grade below C, and membership in the student body. At the end of four semesters, life membership in the state society may be granted to members with a minimum of 140 points and a grade point ratio of 2.3.

The executive council of the college held a special meeting this afternoon to hear reports on the National Students' Association, a new organization which held its constitutional convention this summer at Madison, Wisconsin.

Delegates to the NSA include John Spears, Associated Men Students' president and vice-president of the California Junior College Conference; Caroline Southard, WSSF chairman; Marvin Padway, co-assemblies chairman, and Helen Davis, San Matean editor.

Laurel Reynolds, expert on California birdlife, will lecture and show slides on the subject next Monday evening in a program open to the public without charge. The program, slated to open at 7:30 p. m. at the college, is sponsored by the college adult center.

San Mateo J.C. students are looking ahead, past their nerve-wracking mid-term exams, to a holiday season filled with brilliant activity. Among the festivities scheduled are the Men's Club smoker and the college pre-med dance.

With Don Johnson, Belmont center, blocking a San Bernardino punt for two points, and Alden May, Burlingame fullback, scoring a touchdown, San Mateo jaysee defeated San Bernardino's eleven in the concluding game of the 1947 season. The score of 8-6 gave San Mateo its lone victory of the year.

Meanwhile, the junior college basketball quintet has won its second straight game of its practice season and soon will be playing junior college rivals. Tomorrow night the five will play the Spillers-Oilers in the jaysee gym.

A class for plasterers' apprentices will be added to the adult center schedule to augment the college's impressive list of trade and industrial classes.

All apprentice classes are organized under the State Bureau of Trade and Industrial Organization, but determination of class content and method is up to local apprenticeship committees composed of labor, management and school representatives.

As a change from its regular routine, the SMJC Mothers' Club will give a benefit play reading tonight in the Baldwin street auditorium. Ada Beveridge, faculty member and dramatics instructor, will read Dodie Smith's comedy, "Dear Octopus."

Money derived from the sale of tickets is to be used for student welfare. Additional furniture and material is still needed to complete the job of redecorating living quarters on the campus, as well as the hospitality house.

Gunpowder

Gunpowder had been known as an explosive for at least 60 years before the invention of guns, according to the Encyclopaedia Britannica.

Lowest fares are good in chair cars & coaches
on our finest, fastest trains!

No other form of low-cost transportation gives you the comfort, convenience, luxury and safety you get in chair cars and coaches on Southern Pacific trains.

You can read, write, play cards, enjoy the scenery, or sleep, as you ride. There's plenty of room to move around and stretch your legs. Most trains are air-conditioned and offer porter service. You'll find meals delicious, prices moderate, in dining and coffee shop cars. (Eating on the train is half the fun of traveling.)

The engineer does the driving. You relax, snug and comfortable no matter what the weather outside. Steel rails are the safest highway ever built.

You'd expect all this to cost a lot—but it doesn't. Hardly more than before the war. And low coach and chair car fares are good on our finest, fastest trains: The *City of San Francisco* and *San Francisco Overland*, San Francisco-Chicago; the *Golden State* and *Imperial*, Los Angeles-Chicago; the *Sunset Limited*, Los Angeles-New Orleans; the *Beaver*, San Francisco-Portland; and the *Daylights*, between San Francisco-Oakland-Sacramento and Los Angeles.

Remember, too, children under five years of age ride free, five to eleven inclusive for half fare.

Next time, try chair cars and coaches on S. P. trains.

YOU NEED BETTER WIRING for today's ELECTRILIVING
Every hour of the day and night, electricity is at work in your home. The refrigerator and the clocks are always plugged in. Your washing machine, iron, mixer, vacuum cleaner, lamps, radios, heaters and small appliances all in turn put more electricity to work. Ordinary house wiring designed for lighting cannot deliver full electric power for these many electric servants in the home. Modern electriliving calls for Adequate Wiring . . . and that means larger size wire (at least number 12), and plenty of circuits and switches to carry the working load. Insist on Adequate Wiring when you remodel or build a new home.

Permanent Status For City Employes

Council Endorses Hopman As Asst. Building Inspector

The city council, meeting in regular session Monday night, approved the appointment of George Hopman, member of the Daly City Police Department, to the post of assistant building inspector for Daly City.

At the same time, the council granted Hopman a six-month leave of absence from his duties on the police force, and approved the appointment of Charles Mundy, 360 San Diego avenue, as a temporary employe of the department. Both appointments will be effective December 16.

Other appointments approved by the council included that of Miss Muriel Mooney and Miss Barbara Ford as permanent employees of the water department, and that of John Walsh as permanent employe of the police department. The appointments were granted upon termination of their probationary employment.

On the recommendation of the civil service commission, the monthly salary of Miss Barbara Ford was raised to $165.

On request of the Western Venetian Blind Co., Mayor Melford D. Battye set Monday, December 22, at 8 p. m. as the time for hearing a petition for the rezoning of Lot 39, Block 24, Vista Grande Tract No. 1, from commercial to light industrial.

Other matters transacted by the council included the approval of the final map of the Whittier Terrace subdivision, a re-subdivision—and the endorsement of a $25 bond to the Tuberculosis Association.

An invitation from the Peninsula Division, League of California Cities, to a dinner meeting in Palo Alto today was accepted.

All proposals brought up for vote at the public council session Monday night were approved unanimously.

Councilman Dennis Re-elected Prexy Of Drivers' Union

Edward Dennis, Daly City councilman, was re-elected president and business agent of the Milk Drivers' Union Local 226 in a two-county election this week.

The local includes membership of San Francisco and San Mateo counties.

Dennis polled 596 votes to the 347 of his nearest opponent, Jimmie Higgins. In the San Mateo county poll, the margin was even greater.

Car Hurtles Down Bank; Woman Hurt

Mrs. Beula Burkhardt, 36, 26 Vendome street, was reported in "good" condition at Junipero Serra hospital this week after suffering back injuries, bruises and shock in an automobile accident last week.

The Daly City woman was injured when the parked car in which she was sitting rolled 150 feet down a steep embankment on Crocker hill before it overturned.

According to police, the accident occurred last Tuesday, when Mrs. Burkhardt and John Stevens, 40, 6601 Mission street, were parked near No. 2 Reservoir.

Stevens, driver of the car, received minor cuts when he attempted to stop the vehicle.

Off The Blotter

Residents of a Daly City neighborhood were reportedly "frightened out of their wits" this week by what sounded like a series of gun shots or explosions.

Although it was late in the year for fireworks, that's just what the disturbance turned out to be. A young boy who had brought some firecrackers home with him from Mexico was demonstrating them to his friends. They were warned by local police of the consequent dangers, and promised to desist.

A. J. Trinastik shudders to think of what may have happened to his car and anything which got in its way when it rolled down Mission street without a driver last week.

The car, parked in front of 6266 Mission, rolled backwards across the street and was brought to a stop at the curb by five bystanders.

W. J. Chessnutt, 678 San Diego avenue, was taken to Junipero Serra hospital by Daly City police last week after falling off a ladder at his home. The man was treated for a fractured left ankle.

Presbyterian Women To Hold Dinner, Sale

...dinner and surplus sale, featuring varieties of handwork, will be sponsored by the Women's Council of the Grace Presbyterian church tomorrow and Saturday at the church.

The sale will open at 2 p. m. Friday and will close at 9:30 p. m. Saturday. Handwork will be sold again from 10 a. m. to 1 p. m. Saturday.

Dinner will be served from 5 p. m. on Friday evening.

Reservations may be made with Mrs. Kesler, JUniper 4-0113, or Mrs. Harberts, JUniper 4-9330.

County Formula For Rent Raises Turned Down Again

The "San Mateo County Formula" for rent increases lost its second battle for endorsement last week when it was rejected by eight of the nine advisory boards of the San Francisco Bay Defense Rental Area.

The plan, which was turned down earlier by the federal government for insufficient endorsement, called for rent raises to meet the tax increases since 1942.

A spokesman for the San Mateo board said last week that the plan would mean a 142 per cent increase in some cases, but an overall average $12 per year.

Last week's decision was not a final vote.

Girl Scout Leaders Enjoy Christmas Luncheon Thursday

The Daly City - Colma Girl Scout Leaders' Association held a pot-luck luncheon and Christmas party last Thursday at Firehouse No. 4 on Bria street.

The place was gaily decorated by the Scouts and Brownies who used the firehouse as their meeting place. All decorations for the tree were made by the girls themselves.

After a bountiful luncheon of salad, cold meats, tuna cassarole, relish, buns and home made cake and candy, who should knock at the door but Santa! Amid much merriment he distributed the exchange gifts that had been brought.

Those present were Louise Eliasen, Marie Pool, Marge Calvin (who made special table favors and decorations), Maude Brunette, Billie Nagel, Edna Mullen, Hilda Heagey, Billie Cripps, Helen Goul, Dorothy Kramer and a group of Bayshore Scout Leaders: Evelynn, Edith Anderson, Josephine Silva, Ginger Fourneer and Pearl Butler.

Wodrow Wilson P.T.A. To Sponsor Children's Parties

Preparations for children's Christmas parties at Woodrow Wilson school were made Tuesday at the Parent Teacher Association's Christmas luncheon at Mrs. Hilda Heagney's home.

The parties, to be held by each class in its own room, are scheduled for December 19. Santa Claus will visit the primary grades.

Tables at the luncheon were decorated in red and green, and illuminated by red tapers and small choir boy and angel candles. Christmas gifts were exchanged. Co-hostesses were Mesdames Marie Miller and Thelma Hamilton.

Mrs. Mildred White, room mother chairman, is in charge of the children's parties.

A hot dog luncheon for students was held today at the school. All such luncheons are sponsored by the P.T.A. once each month.

Parent education classes which are held every Wednesday have been discontinued for the remainder of the year, and will be resumed in January. Police Chief Wilbur Sunderland was speaker at the December 3 meeting.

The board accepted the resignation of Mrs. Elsie Hesselein, program chairman, who is moving to Redwood City. No regular meeting of the P.T.A. will be held this month.

ROBERT WUERZ GETS C.P.A. CERTIFICATE

Robert H. Wuerz, 389 Hillside boulevard, is among the 269 persons who have received certificates of Certified Public Accountants in California during 1947.

Wuerz is one of 2,100 Californians who hold C.P.A. certificates by virtue of having passed standard examinations in theory of accounting, accounting practice, auditing, and commercial law as it affects accounting.

Versatile Program Promised In Grand Holiday Concert

The Daly City Band, under the baton of George E. Brenner, conductor, will present a program of Christmas music and marches December 21 in Our Lady of Perpetual Help School auditorium.

The program, a Grand Holiday Concert, is open to the general public, will commence at 2 p. m.

Sponsored by the Daly City Recreation Department and the municipality, the concert will feature the city's prize winning musical troupe in a most versatile repertoire. Sister Superior Clarice will lend the services of her choir. Soloists will include Lawrence Tipton Banks, vocalist, and Bobby Paredi, cornetist; Barbara Roland, B. Howard, Jim White and William Giusti, French horn quartet, and August Jess, on the bells.

Jefferson High P.T.A. Executives Have Party

The executive board meeting for Jefferson Union High School PTA was held at the home of Mrs. Ida Hanley, 43 Woodrow street, with co-hostesses Martha Linden, Lillian Thomey and Florence Hopman.

After the luncheon a short business meeting was held. With the arrival of Santa Claus, gifts were exchanged by all the members present. There will be no regular meeting at the high school this month.

Mrs. Mae Miller Elected Oracle Of Royal Neighbors

Mrs. Mae Miller was elected oracle of the local Royal Neighbors of America lodge last Friday at an election meeting in Little Italy hall. Mrs. Merle Taylor was her running-mate.

The two top officers were chosen after Mrs. Laurette Bertelli and Mrs. Cora Ray, their predecessors, had declined re-election.

Other members of the new governing body are Mrs. Marie Currey, recorder; Mrs. Faye Nielsen, receiver; Mrs. Pat Severietti, chancellor; Mrs. Agnes Wood, marshal; Mrs. Margaret Heaton, assistant marshal; Mrs. Laura McKenzie, inner sentinel; Mrs. Nellie Allen, outer sentinel; Mrs. Daisy Embree, manager, and Mrs. Rhoda Rachor, flag bearer.

The six graces appointed by Mrs. Miller were Mrs. Marie Ruecker, Faith; Mrs. Lois Storm, Modesty; Mrs. Geraldine Allen, Endurance; Mrs. Doris Davis, Courage; Mrs. Daisy Embree, Unselfishness, and Mrs. Gertrude Bliss, musician.

Cake and coffee were served by Mrs. Annie Smith and Mrs. Anna Romer after the meeting.

ASSOCIATE GUARDIAN RECEPTION HONOREE

Mattrup Jensen, associate supreme guardian of the International Order of Job's Daughters, a resident of Colma, was honored recently at a reception given by Job's Bethel 26 at the Mission Masonic temple.

New members of the bethel were initiated and new officers were installed at a recent meeting.

The largest statue in the United States is that of "Liberty Enlightening the World," 151 feet high, on Bedloe island in the harbor of New York.

Four Persons Hurt In Bus Accidents

Four persons received minor injuries this week in accidents involving municipal buses. All were treated by Dr. Lawler A. Drees at Junipero Serra hospital.

Mrs. Theresa Giuliani, 27, 700 Niantic street, and her three-year-old son Jack sustained bruises Monday in an accident aboard a municipal bus.

The driver, who took the injured persons to the hospital, said he stopped short when a boy ran in front of his bus, thereby throwing Mrs. Giuliani and her son against the front of the vehicle.

Philip Carlson, 131 Alexander street, and Sam Parmisano, 101 Evergreen street, Daly City, sustained minor injuries Tuesday when the car in which they were riding collided with a municipal bus at Mission street and Knowles avenue. Robert Thomas Grangy, 309 Guerrero street, was driver of the bus.

Italian Mission This Week At The Holy Angels Church

Italian Catholics of Daly City and Colma have been invited to attend the week-long Italian Mission services this week at Holy Angels church.

The Rev. Allesandro Grattarola, of the Oblates of St. Joseph fathers from Asti, Italy, is preaching the services, which include the Papal benediction and plenary indulgence.

Each day this week -- beginning December 7 and ending December 14 — a 7:30 a. m. mass will open the services. Each day will close with rosary, Litany, sermon and benediction at 7:30 p. m.

$376,755 Was Paid In Disability Funds To County Workers

Approximately $376,755 in state disability insurance was paid to residents of San Mateo county during the first year of the new sickness and injury insurance system's operation.

J. M. Williams, manager of the San Francisco District Disability Insurance office, said today that benefits were paid to about 2,500 persons who suffered wage losses because of illness or injury between December 1, 1946, and November 30, 1947.

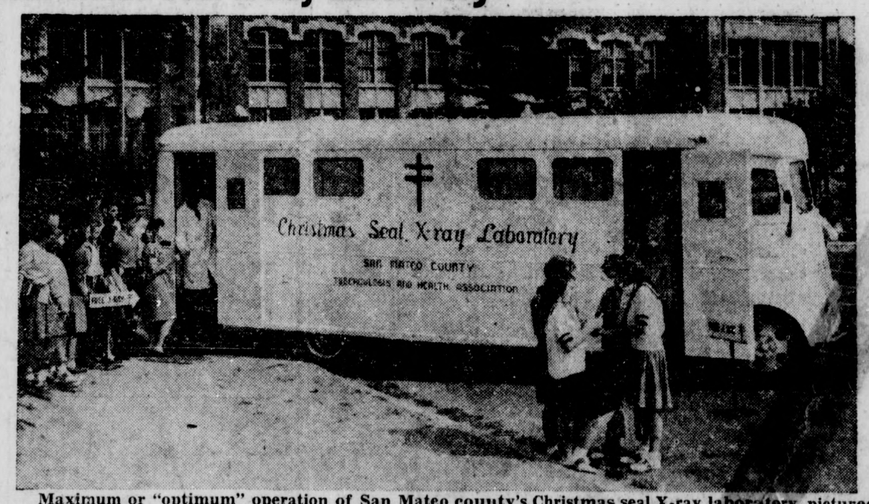
Disability insurance is payable to eligible claimants when they become unemployed. The system, which is operated by the State Department of Employment, provides the same protection against wage loss due to disability as unemployment insurance provides for unemployed persons who are able to work.

"Amendments to the state unemployment insurance law which liberalize the benefits payable to claimant become effective on January 1," Williams said. "Thereafter, the maximum amount of weekly benefits will be $25 instead of $20, and the maximum number of weeks for which benefits may be paid during a year will be 26 instead of 23.4 weeks. In addition, benefits will be paid for less than full weeks of disability after the claimant has served a seven-day waiting period for which benefits are not paid.

"The more liberal benefit structure will undoubtedly result in an increase in the number of claimants and the amount of insurance paid. These improvements were made without adding to the cost to the employee, who continues to pay one per cent of his wages into the state disability fund."

Mr. Williams added the Department is continuing its efforts to give wide publicity to the rights of employees under the disability provisions of the unemployment insurance law, and welcomes opportunities to furnish speakers to interested groups.

Christmas Seal X-Ray Laboratory



Maximum or "optimum" operation of San Mateo county's Christmas seal X-ray laboratory, pictured above, is hinging upon public response to the 1947 seal sale drive of the county Tuberculosis and Health Association, it was declared today by volunteer workers. Despite the fact that persons remitting for this year's seals are giving larger amounts, the drive is endangered by people "putting off" mailing their remittances, they said. More than 40,000 free X-rays were made this year.

Help Him Win

MARY FAY JAILED AGAIN ON THIRD DRUNK CONVICTION

Mary Fay, 237 Los Olivos avenue, was sentenced to 90 days in the county jail last week for her third conviction on a drunk and disorderly charge.

Municipal Judge William J. Sweeney pronounced the sentence with a warning that another similar offense on her part will constitute a more drastic penalty.

Mrs. Fay was arrested last Thursday near her home.

Lilliputians Play On Daly City's City Hall Grounds

Santa Claus brought his Lilliputian helpers down with him from the North Pole this year.

And he is making certain that none will be lost when it comes time to return.

He stationed them around the grounds of Daly City's city hall, where the township's trusted officers of the law may keep a watchful eye on them.

There they are warmed by the bright-colored lights on the city's Christmas trees. And there they scamper, entertaining children who pass by, with their comical antics.

A joyous scene is the one which city hall employes watch daily at the noon hour. Children from Our Lady of Perpetual Help school across the street gather before the city building to laugh and exclaim about the playing figures.

City employes have voiced their thanks to Arthur J. Bodien, building inspector, and to the Doelger Construction Co. for their contributions.

$486 In Currency Lost In Cafe Theft

A thief who broke into Tiny's Place through a small window off the bar early Saturday morning made off with approximately $486.45 in receipts, according to police.

The burglarly was reported Saturday morning when the cafe opened for business. A box in which the currency had been locked was found empty.

Fred Alakar, 6053 Mission street, told police he had locked the box after closing time early Saturday morning and put it in a rear storeroom off the kitchen. About 3:30 a. m., he said, he heard noises on the restaurant's roof, but didn't investigate.

Police found evidence that both the front and back entrances to the cafe had been tampered with, but the burglar obviously had failed to gain entrance through them.

Floyd Britton, 518 Plymouth avenue, is proprietor of the restaurant.

Thirty-seven Pay Fines In Traffic Court On Friday

A total of 37 fines for traffic citations was collected last week by the office of Municipal Judge William J. Sweeney.

These persons paid fines for speeding:

Charles Angell jr., $5; Colin Baird, $2.50; Carl Barbreri, $2.50; Bernard Bielenbert, $5; Claire Carlson, $5; John Clifford, $5; Delbert Coon, $5; Norma Demo, $5; Robert Gallo, $5; Henry Horn, $5; Bernard Newkirk, $7.50; Fred Pfeifer jr., $2.50; George Wesley Stevens, $10; Henry Strzelecki, $7.50; Milton Tobby, $2.50; George Todd, $5; Oliver Vannucci, $5; James Wilbur, $2.50; Romona Martinez, $15, and Salvatore Ansalav, $10.

Citations for hill-holding violations were presented to Benjamin Bulla, Robert Griffith, Arthur Loder, Maude Schfield, Emil Seibeneicher, Earl Herbert, Angelo Tiannelli and Ernest Frederick, each fined $2.50.

Leo Dunning, Percy Rosenbaum, Olehue Toplin, Jean Sund and Rufus Scales each were fined $2.50 for driving through a stop signal. Other miscellaneous fines were levied: Colma Hardware Co., limited parking violation, $1.50; Walter MacWicker, parking in a cab zone, $2.50; Michael Fetsko, over-parking, $1.50, and Frank Vancki, angle parking, $2.50.

Two Winter League Games Set For Sunday

Two games in the Recreation Winter Baseball League will be played this Sunday in Marchbank Park.

A noon game will see the Foster's team competing with the Ahepans nine.

I.A.M. No. 68 will play at 2 p. m. against the Tufo's Jewelers team.

Rodney Duffy Advanced To Seaman First Class

Rodney O. Duffy, USN, 141 Los Banos avenue, was advanced recently to the rank of Seaman 1/c, the 11th Naval District announced this week.

The son of Mr. and Mrs. Robert Duffy, he is presently attached to Headquarters, 11th Naval District, San Diego.

Brownies Make Favors For Hospital Patients

Brownie Troop 7, meeting in Peoria Street Firehouse, were busy as bees at their December 3 and 10 meetings, making napkin rings and decorating napkins to be used by patients in Community hospital on Christmas Day.

At Thanksgiving time the Brownies also made "turkey" apples as bedside favors for the children's ward in the hospital.

The Brownies are now eagerly looking forward to their meeting Wednesday, December 17, when they will have their annual Christmas gift exchange and will also celebrate December birthdays.

New Building To Be Constructed For Com. Church

The Rev. J. H. Bennett, pastor of the newly organized Ocean View Community church, started his work on the new parish last Sunday before a highly receptive congregation.

This Sunday's schedule, the Rev. Bennett announced, will begin with a morning sermon on the topic, "But," at 11 a. m. Junior high school students will congregate at the church at 6 p. m., and the Senior Pilgrim Group of Youth at 7:30 p. m.

The new church, an affiliate of the Congregational Churches of America, will consist of a sanctuary, Sunday school and social hall, located at Randolph and Ramsell streets.

The new pastor, who was recommended to the parish by the Rev. Harley H. Gill, superintendent of the Northern California Congregational Churches, and the Rev. Sidney Buckham, director of church expansion, possesses a record of highly successful work in other California churches.

Issue Permits For 42 New Homes

Stonecraft Co. of San Francisco was issued a permit last week by A. W. Russell, county building inspector, to build 42 houses in Colma.

The houses, appraised at $8,000 each, will be erected in Broadmoor Village.

Two New Members Accepted By Lions

Two new members were accepted into membership in the Daly City-Colma Lions Club yesterday at a luncheon meeting with the Park-Presidio Club at Estrada's.

Joe Belli and Dr. John Karsant were presented with lapel buttons by Ed Byrne, past president. Stanford Hannah, local president, presided.

Dinner music was provided by Gil O'Shaughnessy, Elio Fontana and Art Kloth. Speaker of the day, the Rev. Morrisey of Colma, was introduced by Carter Callan.

Cancer Society Announces Mem. Gifts Increasing

An increasing number of memorial gifts is being received by the San Mateo county branch of the American Cancer Society, it was reported today.

In the past three months the number of memorial donations has been greater than during the society's April campaign for funds, according to Mrs. Ralph J. Tucker, county commander.

"Apparently more persons are adopting the custom of sending contributions to the American Cancer Society rather than floral remembrances to funerals," Mrs. Tucker said. "In such cases a card acknowledging the gift but not specifying the amount is sent by the society to the family of the deceased."

The memorial gifts range from $2.50 on up to larger amounts. Such donations, to be used in carrying on the work of the American Cancer Society, may be sent to Mrs. Tucker at 25 Arroyo Court, San Mateo.

WHIST GAME SLATED FOR DECEMBER 19

The monthly whist game of Our Lady of Perpetual Help church will be held December 19 at 8:30 p. m. in the church social hall.

Committees named to plan the affair are:

Tickets and prizes, Mrs. William Brush, Mrs. A. Brush, Mrs. J. Clarke, Mrs. C. Bradley, Mrs. Christen; refreshments, Mrs. Schroeder, chairlady, and Mothers' Club; games, George Lombard, William Whalen and Robert Lucier, co-chairmen, and Holy Name Society.

Two New Buildings To Be Erected For High School Use

A contract for the construction of two new shop buildings was signed by the board of trustees of the Jefferson Union High school Tuesday evening.

Monson Brothers, a long established construction firm of San Francisco, were the successful bidders.

The buildings will be 86x90 feet in size and will be of reinforced concrete construction. They will be located just north of the main building. Metal work, including forging, foundry, sheet metal, bench and machine shop practice, will be included in the courses taught.

The second building will provide space for woodshop and cabinet making. Most of the equipment to be used is already on hand. Much has been obtained at a nominal cost from the State Educational Agency for War Surplus.

The contractors indicated that construction will be started at an early date and the buildings probably will be completed this spring.

The erection of these shops will help to meet a critical need of the local high school and to meet the demands of a growing enrollment, according to Stanford Hannah, principal.

CORRECTION

Dr. John Desmond Walsh, who was cited last month for drunkenness in and about an auto, resides at 909 Hyde street, San Francisco; not at 477 San Diego avenue, as was previously reported.

Former Daly City Man Is Married In San Rafael

Recent marriage rites at St. Paul's church in San Rafael united Albert E. Pully jr., former Daly City resident, and Miss Eileen Wilson of Novato.

The Rev. Noble Owings performed the ceremony.

Major Meredith Wilson of Novato gave his daughter in marriage. Her white satin gown, fashioned with a high neckline and leg o'mutton sleeves, ended in a short train. A wreath of orange blossoms held her net veil. Her flowers were orchids, gardenias and bouvardia.

Pamela Pulley, sister of the benedict and maid of honor, donned a blue chiffon gown for the occasion, and carried yellow flowers. Apricot and green chiffon frocks were worn by the secondary attendants, Misses Jane Ruhlman, Marjorie Hansen, Allene Scott, and Mrs. Stanley Crandell jr.

Robert J. Lee performed the duties of best man, while Donald Wilson, Lawrence Wilson, Kenton Stuve and Earl Scheller showed guests to their seats.

The just-weds will establish their home in Modesto.

The benedict is the son of Mr. and Mrs. Albert E. Pulley sr., former owners of the Central Creamery here.

Austria Open Again For Money Orders

Money orders again can be sent to Austria — for the first time since Hitler marched into that country, seven years ago.

This announcement was made last week by the Daly City Post Office.

The office also announced the addition of four new districts to its jurisdiction. The districts were added because of a growing population in areas outlying incorporated territory.

For the convenience of Christmas gift-senders, the Daly City Post Office will remain open until 9 p. m. December 18, 19 and 22. Saturday and Sunday, December 20 and 21, the office will remain open until 6 p. m.

Legion Auxiliary Plans Two Parties

Two Christmas parties are planned for next week by the local chapter of the Amercian Legion Auxiliary.

At their regular meeting next Wednesday the ladies will observe their own Christmas, exchanging gifts at the Legion hall, 474 San Diego avenue.

December 20 is the day chosen for a children's party, to be sponsored jointly by the auxiliary and post.

At last week's meeting the women endorsed a bond distributed by the Tuberculosis Association for X-ray and research funds.

HOT TIP

A nuclear scientist says that the heat of the sun will last for another 10 billion years. Well, that's one worry off our minds.

PALESTINE PARTITION

The United Nations decision to split up the Holy Land has brought the long-smoldering conflict in that area to a head. From any point of view the situation looks grave but it is not surprising.

Having approved the step which the majority of the nations feel is the only reasonable solution, the U. N. must see it through. There must be no backing down. That force may be necessary to carry out the plan now appears almost certain. This may necessitate the formation of an international police force, but that force should have been created long before this.

The Palestine problem is a sorry mess. We cannot, however, work from the standpoint of what conditions would be now if things had been handled differently over the years. We can only take them as they are and make the best of them from here on.

There is a lot more at stake in this Palestine problem than the interests of the Jews and Arabs. The already weak prestige of the United Nations hangs in the balance. If the U.N. allows itself to be frightened out of its decision by the attitude of the Arabs its influence in world affairs would sink to zero.

The U.N. in spite of its weaknesses, is still the world's chief hope for a better world. Its demise, therefore, in spirit, if not in fact, would prove a fearful blow to all peoples—including the Jews and the Arabs.

BILLION DOLLAR LOTTERY?

It remains to be seen whether Britain will resort to a fantastic multi-billion dollar lottery in the hope of strengthening her economic position.

It also remains to be seen whether such a lottery, if actually undertaken, could produce the results expected. The reports from London say that the proposed plan calls for the sale of $8 billion in lottery tickets throughout the world with half that amount to be paid out in prizes, including a $400 million first prize.

Now, selling $8 billion worth of tickets would be a terrific job. It would mean that, on the average, each man, woman and child of the world's two billion population would have to buy $4 worth of tickets. When you consider the hundreds of millions of persons in India, China and other impoverished lands who haven't money for food, much less lottery tickets, the job looks still more impossible.

Aside from the physical task involved in conducting such a lottery there is also the moral aspect to be considered. The lure of possible enormous wealth would lead many an individual with little money and less good sense to deprive himself and his family of essentials in order to gamble what he had on winning the pot of gold. You can be pretty sure, too, that fake tickets would appear in a good many places so that many who would pay their money wouldn't even have a chance to win.

In the final analysis, a lottery is not the answer to Britain's economic ills. Courage, initiative and hard work made Britain a great nation, and only these qualities can restore her wealth and strength.

Virginia Loomis Weds Jack Wentz In Formal Rites

All the traditions of the formal white wedding were observed last Saturday by Miss Virginia Rose Loomis when she walked down the aisle to meet Jack Earl Wentz at the altar.

The nuptial rites were performed in Our Lady of Perpetual Help church, with the Rev. William Stewart officiating.

The bride, gowned in white satin with a flowing train, took all the old, sentimental precautions to insure a happy marriage. For "something old" Virginia carried a handkerchief made 30 years ago of fine silk. Her fashionable wedding gown was "new."

The pearl earrings which glistened beneath her fingertip veil were "borrowed." Her single "blue" garter was crocheted by her mother. An additional feature of her careful preparation was the penny-for-luck she wore in her shoe.

Virginia's flowers were a shower bouquet of bouvardia and cyclemen, fashioned with an orchid center.

Miss Georgette Lowden, frocked in dusty pink with matching bonnet, was maid of honor for her cousin. Her bouquet was styled of blue pon-pon chrysanthemums. Similar gowns of blue were worn by the bridesmaids, Mrs. Tom Loomis, Mrs. Bob Yklin and Miss Regena Warchot, who carried pink chrysanthemums.

Tiny Evelyn Marie Hutchings, flower girl, donned a pink dress identical in style with the attendants. Her flowers were pink and blue.

Michael Brown of San Francisco performed the duties of best man. Ushers were Tom Loomis, William Loomis jr., and Bob Yklin.

The young couple received felicitations at a reception after the wedding at the home of the bride's parents, Mr. and Mrs. William Loomis sr., of 3312 San Jose avenue.

The new Mrs. Wentz, who was born and reared in Daly City, attended Crocker and Pershing schools and Jefferson High. She is affiliated with Department Drill Team No. 2, U.S.W.V., and George Craig Auxiliary of the V.F.W.

Wentz, a native of Kansas, is the son of Mrs. Eula Wentz of San Francisco. He is a veteran of more than two years' service in the army.

The newlyweds are making their home at 83 San Joaquin avenue.

Collector Warns Of Help Shortage In Revenue Office

The rapid increase of population in northern California, coupled with a reduction in personnel of the Internal Revenue Offices, may cause taxpayers of the First California District to wait long hours in line when they file income tax returns on 1947 earnings.

That announcement was made this week by James G. Smyth, collector of internal revenue of the First California District.

Last September the staff of deputy collectors of internal revenue was reduced by approximately one-third. During the filing period of 1947, 400 deputy collectors were available to assist taxpayers in preparing and filing returns.

In the coming tax period there will be approximately 275 deputy collectors to assist taxpayers.

Smyth urged that every taxpayer assemble his income tax information as soon as possible and file returns early. The filing period begins January 1, 1948.

FIRE FIGHTERS FACTS

By Mel Hanson
Publicity Chairman

Vol. 1, No. 15

New Cleaning Plants

Two new cleaning plants will open in Daly City in the very near future. The Crocker Cleaners will open on December 12. The State fire marshal's office passed inspection on the building and fixtures this week. The plant will have its own fire protection system, which is a steam suppression unit.

The Karps Cleaners will open just as soon as the State fire marshal's office passes the inspection on the building and the fixtures. The main reason for the delay is the fact that some of the cleaning units are too close to the main walls of the building and do not meet the fire building code. This cleaning plant will have its own fire protection also, consisting of six large bottles of carbon dioxide gas.

Christmas Tree Vendors Notice

Chief Kennedy of the Daly City Fire Department has ordered all Christmas tree vendors in the city limits to clean lots of unsold trees to eliminate the fire hazard. If the vendors do not do this they will find it difficult to secure licenses next year. A deposit of $25 has been suggested that will be returned if the lots are clean on inspection.

Quarterly Drills

The fire department will hold its quarterly drills December 15 and 16.

Companies 2 and 6 will drill together on the 15th and companies 1 and 4 will drill together on the 16th.

Both drills will be under the supervision of Chief Kennedy.

All of the companies hold a company drill once a month under the supervision of the captains and lieutenants.

Fire Hits Pocketbook

"If every property owner and every taxpayer could be brought to the realization that every fire, regardless of who suffers the direct loss, takes something out of his pocketbook, fire prevention would be the most popular and intensive of all community activities. It costs taxpayers an average of $50 every time companies answer a false alarm.

"It always costs infinitely more when the property owner fails to call the fire department soon enough."

Fire Safety Course Needed In Elementary Schools

This is part of the report of the Committee on Fire Prevention Education, President Truman's Conference on Fire Prevention.

"The modern elementary school curriculum should include instruction in fire prevention; for though fire is necessary to our living, we must learn how to respect its value and to prevent the disasters that occur when it is uncontrolled.

"The elementary school child may be subjected to fire hazards both at school, at home and in all places where children assemble. He must be made cognizant of these fire hazards, and he should be trained in methods by which he and his associates can develop a fire safety consciousness for the good of all.

"It is apparent that if safety education in the field of fire prevention had been adequately presented in the elementary schools during the past 15 or 20 years, the loss of children's lives from this cause would be greatly reduced today."

We in Daly City have been very fortunate in regard to loss of life by fire. Many children of this city have been burned in all degrees but not one has lost his life. Again I say we have been fortunate.

The fire department believes a fire safety course can be instituted in the curriculum of our own schools whereby the child is given a chance to learn from teachers, books and demonstrations and not from a first, second or third degree burn.

Letter To The Editor

Gone, but not to be forgotten for his spell of good deeds.

This was indicated by those hundreds of people who left their warm homes to pay their last respects to the kind old man, John W. Marchbank.

They knew, for to most of them his hand extended their way during the trying time of depression. Publicity he sought not; for he wasn't a man who gloried in his deeds.

As one who knows the outlet of his contributions were handled by trusted ministers of different faiths who saw to it that the needy were taken care of.

Youngsters during the thirties will remember how on Saturdays they would assemble in the yard adjoining the theater to receive a pass and a dime for the afternoon performance. Good spirit he spread, good deeds he performed.

This is my prayer to John W. Marchbank. May his spirit reign in the hearts of those who know.

A Friend

The Golden Gate is the entrance strait which connects the Bay of San Francisco and tributary rivers with the Pacific ocean.

The United States Department of Commerce was first organized in 1903 as the Department of Commerce and Labor.

Daly City Nine Make It Eight Wins In A Row

There's no stopping the Daly City Baseball club these days. On Sunday they played their eighth league game against Harrison A.C. at Marchbank park and defeated them by a score of 11-4, making it their eighth straight win.

The going was rough for the boys up to the sixth inning when they were trailing with a 4 to 2 score, but base hits were a dime a dozen for them that inning. They made four runs in the sixth and five in the seventh.

Helping the game along was Dick Schultz, who favored the team with a home run in deep left center field, followed by Parker Garner's triple to the same spot with bases loaded. In all, the boys collected 17 base hits.

Neil Pezzola led batting honors with four hits, with Garner and Hazel each making three.

Thrill for the day was a spectacular catch made by Lawrence Sylvestri, centerfielder. It is said he rolled over at least four times before making the catch lying on the ground.

Next Sunday will prove which is the better team when the localites cross bats with Molkenbuhr Brothers at 2 p. m. at Bayview. The Molkenbuhr team is trailing the Daly City Baseball club by one game.

The box score follows:

New Motor Vehicles

Factory sales of new motor vehicles reached 436,001 in October to make this month the highest production month in 1947, reports the National Automobile Club. Of this total, 315,969 were passenger cars, 118,365 were motor trucks, and 1667 were motor coaches.

Weak Battery Test

The first test for a weak battery is the horn, states the service department of National Automobile Club. If you keep the horn and its connections in the best shape possible when it blows weakly you should suspect the battery condition.

Pearls

The oysters which are most likely to contain pearls, according to the Encyclopaedia Britannica, are those with shells that are irregular in shape, stunted, honeycombed by boring parasites, or covered with abnormal growths.

Appeal For Funds To Continue TB X-Ray Program

The entire free X-ray clinic program for children and adults of San Mateo county is being threatened by failure of Tuberculosis Christmas seal sales, it was announced this week by Dr. Harry Warren, general chairman of the drive.

Pointing out that the annual sale of Christmas seals is the sole source of income for the association, Dr. Warren said the unaccountable failure of those who have received their seals to mail in checks or cash promptly may cause drastic curtailment in the preventive work of the association.

"This is especially disheartening," he said, "when it is realized that our Christmas seal mobile X-ray laboratory has permitted the association to do its most effective work in history during 1947. If lack of funds causes us to curtail this program during 1948 it will be a severe setback in the highly successful fight we have been carrying on to stamp out tuberculosis in San Mateo county.

"If those who have failed to pay for their Christmas seals would realize that their oversight may cause tragedy for some child or family, I am sure that they would hasten to make the contributions they have so generously made in past years."

Gwenn Topping To Be Presented At Recital Friday

Tiny, blonde Gwenn Topping, talented young dancer and musician of Daly City, will be presented tomorrow night in a musical recital given by her teacher, Mrs. Elisabeth Evans, at 1830 Sutter street.

The petite daughter of Mr. and Mrs. Albert Topping will perform a song and dance routine in costume.

Gwenn's most recent performance was a song and tap dance, "Jolly Old St. Nicholas," at the San Francisco Horsemen's Association's annual Christmas celebration last week. For her growing talent as an equestrian, the youngster was presented with a junior membership in the association by her riding instructress, Mrs. H. S. Hubbard of the Mission Riding Club.

At a recent party given for her on her seventh birthday, Gwenn and her friends enjoyed a treasure hunt and a series of Walt Disney movies shown by Sam Barca.

Young friends who helped Gwenn celebrate were Larry and Danny Caratti, Roy Martin, Jerry Tylenda, Norma, Gladys and Barbara Khinoo, Joan and Judy Dunne, Patsy and Carol Heaney, Dallas Goodenough, Constance Beth Secrest, and Helena and Frankie Topping.

It's Not A Challenge

"When a car passes you at high rate of speed with a great trumpeting to indicate its onrush, it doesn't mean that the driver is challenging you to a race," declares Bert Stewart jr., public safety director for National Automobile Club. "Check the number of motorists who do regard it as such the next time you are out on the well-traveled highway."

The Stilus

The earliest writing implement was probably the stilus, a pointed piece of metal, bone, or ivory used to produce letters on tablets covered with wax, according to the Encyclopaedia Britannica.

An Even Better Brake

Fine, efficient brakes have resulted in many car operators remaining ignorant of the excellent qualities of the engine as a brake, states the service department of National Automobile Club. With high compression ratios, the car's power plant is a better brake than ever before. Used in combination with the brakes by leaving the clutch engaged until the car is almost to a stop, the engine proves its power in another way than in pulling hills.

VA Announces New Ruling On Medical Care

Veterans Administration today announced that prima facie evidence will not be accepted as sufficient proof for veterans to establish service-connection for medical and dental treatment after December 31, 1947.

On this date, veterans will have had a full year after the official end of hostilities in which to secure treatment on the presumption of service-connection, based on prima facie evidence.

VA takes the position that this should have been ample time for emergency or clearly defined service-connected cases to have received treatment.

The discontinuance of determination on prima facie evidence in no way denies veterans any rights they are granted by law, nor does it limit services given those whose conditions are rated as service-connected.

Applications for treatment received on or before December 31, or after that date with a December 31, 1947 postmark, will be determined on prima facie evidence and the presumptions prescribed in VA Circular 17. But applications mailed after December 31 will have to be formally adjudicated under the regulations before treatment other than emergency can be given.

This ruling in no way affects the years presumption of service-connection to which all veterans are entitled after discharge.

T see basketball team has run its victories in basketball to three straight and this Friday evening plays the University of San Francisco frosh five in the junior college gym.

An appreciative audience greeted Miss Ada Beveridge last Thursday afternoon when she read the intriguing comedy "Dear Octopus," for the San Mateo Junior College Mothers' Club. Members of the audience expressed the opinion that this was Miss Beveridge's finest presentation. The play, a comedy drama of English family life, was typical of the ordinary family and had a gay and tender message which held the sympathy and interest of the listeners.

A half hour of fine music was given preceding the reading by the junior college, orchestra directed by Elmer Young jr.

The next regular meeting of the Mothers' Club will be held on the second Thursday of January instead of the first Thursday, due to the New Year holiday. At that time Mr. Jack Daniels of the college faculty will demonstrate flower arrangements and tell the inexperienced person how to achieve professional results. The meeting will be held on the Coyote Point campus, with Mrs. George Bruns presiding.

Jack Daniels and his flower arrangement classes will show their Christmas floral designs from 7-10 p. m. December 17 in Room 22 of the Baldwin campus. The display will introduce compositions of unusual material for display.

The college already is paving the way to a new semester with nominations for spring semester officers scheduled for December 16. Elections will be held two weeks before the end of the fall semester.

Registration desk showing a display of last year's advertising and promotion at California Mission Trails Association convention in Santa Barbara.

Safety Zone Caution

"The presence of a safety zone for pedestrians at street car stops, wide street intersections, or elsewhere, does not give the motorist the right to travel past such points at undiminished speeds," states Bert Stewart jr., public safety director for National Automobile Club. "The rule that he may pass without coming to a halt is modified by the requirement that the car shall proceed only at such speed as permits full control of it

That, Madam, happens to be the famous Martin Outboard Motor—and if your man's a sportsman, it's probably the Christmas gift he's dreaming of!

So why not give it to him—by joining the Martin-Motor-for-Christmas Club now! You get budget terms; 90-day free service on parts and labor; delivery to your home just before Christmas; and satisfaction *guaranteed*—or a full refund if the motor is returned by January 2nd. We even send a man to your home to explain how the Martin motor operates.

Check the exclusive Martin features below—and then sign up for the grandest present that man of yours ever had!

BUDGET PLAN! Low down payment; as long as 24 months to pay.
Martin "40" Full Price $150.45
Martin "60" Full Price $180.45

Martin Gives You Many Exclusive Features, PLUS Those You Regularly Get in a Fine Outboard Motor

- *Exclusive!* Mechanically-controlled poppet valves allow even fuel distribution, sputter-free transition from low to high speeds.
- *Exclusive!* Full Swivel to pivot propeller end right into boat. Eliminates reaching into the water to check lower unit.
- *Exclusive!* Vertical Stern Adjustment allows correct vertical positioning of motor by turning a knob.
- *Exclusive!* Combined Filler Cap, Air Vent and Spare Shear Pin Clip, contains extra shear pins. Can't rattle, can't come loose.
- Full reverse steering
- Alternate firing
- Dependable pull starter
- Synchronized and centralized controls.

Postmaster Asks Shoppers To Buy, Mail Pkgs. Early

Postmaster William H. McCarthy today asked for early shopping and mailing. He emphasized that the necessity for early mailing is more imperative this year than ever before because of the anticipated increase in the volume of mails.

The handling of Christmas mail will be greatly facilitated by careful preparation of mail by the senders. The following information is furnished as a guidance to assist in the proper preparation of your Christmas mails:

Address all matter plainly and completely in ink, giving street address or box or rural route number whenever possible. The delivery zone number should be shown when applicable. Place sender's return card in upper left corner of address side. Tags should not be used unless necessary, in which case a copy of the address and return card should be placed inside the parcel for identification if tag is lost.

Pack articles carefully in strong durable containers. Wrap parcels securely, but do not seal them as sealed parcels are subject to postage at the letter rate. Parcels containing perishable articles should be prominently endorsed with the word "perishable."

If you have a particular mailing problem call MArket 1-2500 and ask for information. They will be happy to assist you solve your difficulty.

The regular stations will remain open on Saturday and Sunday, December 20 and 21 from 9 a. m. to 6 p. m. On December 18, 19 and 22 all stations will remain open from 8 a. m. to 9 p. m.

Postmaster McCarthy also emphasized the use of first class mail for your greeting cards. He said it is necessary each year to destroy a large number of beautiful greeting cards because they are incorrectly addressed and carry only third class postage. "We are sorry to do it because we know each of these cards is intended to convey Christmas wishes. In order to insure that your greeting cards reach their destination or are returned to you, if undelivered, be sure to put a three-cent stamp on them and send them first class mail."

Apply Brakes Gently

Quick, positive braking means locked wheels and locked wheels slide, warns the public safety department of National Automobile Club. Sudden application of the brakes and consequent sliding of the tires is a costly practice on a dry road, but when the roadway is wet and slippery it may end in disaster.

Carbon Still With Us

"Because of anti-knock gasoline many car owners think that carbon has been entirely eliminated," states L. G. Evans, general service manager for National Automobile Club. "To a certain extent this is true, but there still is a lot of carbon in the automobiles running around the streets and highways. Carbon interferes with engine efficiency and it pays to check up on the engine once in a while instead of assuming that carbon is out of the picture."

Penguins

The brooding instinct is so strong in some penguins that they may try to hatch lumps of ice, according to the Encyclopaedia Britannica. The little Adelie penguin may continue to brood though completely covered with snow.

Some Mileage!

Privately owned American passenger cars travel about 500,000,000,000 passenger-miles per year, according to the Encyclopaedia Britannica. Motor buses carry about 4,000,000,000 passengers more than 2,000,000,000 miles a year, and trucks provide annually more than 60,000,000,000 ton-miles of commercial transportation.

Good In Plug Cleaning

Cleaning the spark plugs is a task to which the car owner occasionally sets himself, and to good effect, states the service department of National Automobile Club. The inside of the plug core usually is scraped out in the process. A better method of cleaning is to soak the core in a solution of 60 per cent household ammonia and 40 per cent water. This will dissolve the carbon and assure a clean firing plug.

Renew Appeal For Entertainment For Bedfast Vets

Seventy-five prominent Americans from all walks of life, all races and creeds and nearly every state in the Union today joined in a common appeal on behalf of the nation's 125,000 hospitalized war veterans.

They urged every patriotic American to contribute generously to the current fund drive of the Hospitalized Veterans Foundation, Inc., which will provide entertainment and entertainment equipment to patients in 144 veterans' hospitals throughout the country.

Among the group was Joseph M. Stack, past commander-in-chief of the Veterans of Foreign Wars, who said:

"As commander-in-chief of the Veterans of Foreign Wars last year I visited many hospitals throughout the country. The desirability of some arrangement to bring to bedfast veterans more contact with the outside world was clearly indicated.

"The beneficial effects of pillow-type radio sets, television receivers, phonographs, recordings, motion picture equipment and movie film should prove incalculable. The plan should have the active support of veterans everywhere."

Raymond J. Kelly of Detroit, past national commander of the American Legion, declared:

"As one who has spent many months in Army hospitals as the result of war incurred disabilities, I realize the need for entertainment and entertainment equipment at every hospital bed occupied by a veteran. No one will ever know how long the hours seem or how lonely a hospital bed can be."

Joining in the appeal was the Rev. Fr. Thomas G. Fields of St. Mary-of-the-Woods, who said:

"During my tour of duty with the armed forces, I came to realize, as I have never realized before, the tremendous debt of gratitude we owe to those who go down deep into the valley of sadness today in order to bring to the rest of us the blessedness of a tomorrow.

"I welcome every opportunity of participating in any project which has a purpose as worthy as that of the Hospitalized Veterans Foundation.

"I am sure God will bless its every effort toward making life a bit easier for those of our veterans who gave so much during our beloved nation's night of sorrow."

Contributions may be sent to the Foundation's president, Bandleader Sammy Kaye, Fifth Avenue, New York City, or to the national treasurer, Lawrence F. Stern, president of the American National Bank & Trust Company, Chicago.

P. O. Department Approves Issuance Of New Stamps

Postmaster William H. McCarthy announced today that the Post Office Department has approved for issuance in 1948 two new commemorative postage stamps.

One of these stamps, Postmaster McCarthy said, will commemorate the one hundredth anniversary of discovery of gold in California at a point near Coloma, and the other stamp will honor Francis Scott Key, author of the National Anthem.

Further details, the Postmaster added, relative to size, denomination, design, color and respective dates of the releases will be announced later.

Gasoline Stations

There are 242,000 gasoline stations in the United States, according to the National Automobile Club.

New Law Provides Fine, Imprisonment For "Screwballs"

If the offender is still alive, there is a new state law which provides a maximum sentence of $500 fine and six months in jail for anybody who brings any object within six feet of a high-voltage power line.

The State Division of Industrial Safety has launched an educational campaign, backed by the new law, to reduce the number of accidents, many of which have been fatal, caused by heavy mobile equipment coming in contact with electric power lines. The Division has published a safety pamphlet pointing out to well drillers, truckers, house movers, crane operators, farmers and other heavy equipment operators the necessity of maintaining a safe clearance zone from overhead power lines in all their operations.

The new law, Section 385 of the California Penal Code, which became effective September 19, makes it a misdemeanor for heavy equipment operators to move their equipment within six feet of power lines. Penalties for violation apply both to owners and employee operators of equipment.

California power companies are cooperating with the state in conducting the safety campaign. Copies of the "Safeguard Lives" pamphlet, which describes the dangers, quotes the new law and tells how to avoid power line accidents, may be obtained at any office of the Pacific Gas and Electric Company.

Peanut Oil

A ton of peanuts in the shell will yield from 480 to 580 pounds of peanut oil, according to the Encyclopaedia Britannica. Forty-five to 50 per cent of each peanut is oil.

News Column For The Veterans

National Service Life Insurance is designed to serve the veteran in peacetime as it did in wartime—and the veteran's need for it is just as great.

A look at statistics reveals that many veterans are more in need of their G.I. insurance now than during the time they were in the service.

According to National Safety Council figures total death casualties for all the services from Pearl Harbor to VJ Day were 261,000. During the same period there were 355,000 people in the United States killed in accidents.

Each week hunderds of young veterans of World War II are killed in peacetime accidents and VA records reveal the tragic story of how many of them allowed their G.I. insurance to lapse only a few months before.

Reinstatement of G.I. term insurance is a simple process—until midnight December 31. Until that time veterans may reinstate term insurance simply by signing a "comparative health statement" and paying only two monthly premiums.

The "comparative health statement" is a simple statement over the veteran's signature to the effect that his health is as good now as when he allowed his policy to lapse.

The Veterans Administration is making every effort to aid veterans in reinstating their lapsed G.I. insurance before the December 31 deadline.

Reinstatement blanks may be obtained by calling or writing the nearest VA office. Trained contact officers will aid the veteran in filling out forms and answer any questions concerning G.I. insurance.

SUMMONS IN PARTITION

No. 43245

IN THE SUPERIOR COURT OF THE STATE OF CALIFORNIA, IN AND FOR THE COUNTY OF SAN MATEO

MARITA R. JENNINGS, Plaintiff, vs. WELLS FARGO BANK & UNION TRUST CO., as trustee of the trust created by the decree of distribution in the matter of the estate of John Arthur Drinkhouse, also known as John A. Drinkhouse, also known as J. A. Drinkhouse, deceased, JOHN FREDERIC WILLCOX, MARIE LOUISE PHILLIPS, MARIE L. WILLCOX, JOHN DAVID WILLCOX, MARIE ELIZABETH WILLCOX, FRED ROY DRINKHOUSE, W. J. KIRKPATRICK, RAUER'S COLLECTION CO. INC., a corporation, LOUIS SPENCER, doing business as Spencer Collection Service, STATE OF CALIFORNIA, FIRST DOE, SECOND DOE, THIRD DOE, FOURTH DOE, FIFTH DOE, and also all persons unknown who have or claim any interest in or lien upon the real property herein described, Defendants.

THE PEOPLE OF THE STATE OF CALIFORNIA SEND GREETING TO:

WELLS FARGO BANK & UNION TRUST CO., as trustee of the trust created by the decree of distribution in the matter of the estate of John Arthur Drinkhouse, also known as John A. Drinkhouse, also known as J. A. Drinkhouse, deceased, JOHN FREDERIC WILLCOX, MARIE LOUISE PHILLIPS, MARIE L. WILLCOX, JOHN DAVID WILLCOX, MARIE ELIZABETH WILLCOX, FRED ROY DRINKHOUSE, W. J. KIRKPATRICK, RAUER'S COLLECTION CO. INC., a corporation, LOUIS SPENCER, doing business as Spencer Collection Service, STATE OF CALIFORNIA, FIRST DOE, SECSECOND DOE, THIRD DOE, FOURTH DOE, FIFTH DOE, and also all persons unknown who have or claim any interest in or lien upon the real property herein below described, and to all persons claiming any interest in, or lien upon, the property herein described, or any part thereof, Defendants.

YOU ARE HEREBY DIRECTED to appear and answer the complaint in an action entitled as above brought against you in the Superior Court of the State of California, in and for the County of San Mateo, within ten days after the service on you of this summons — if served within this County, or within thirty days if served elsewhere.

The said action is brought to obtain a judgment and decree of partition of the following described real property:

PARCEL I

All that certain real property situate in the County of San Mateo, State of California, described as follows, to wit:

BEGINNING at a point in San Francisco Bay, 30 chains East and 20 chains South of a granite monument set on the northerly line of Section 15 in Township 3 South, Range 5 West and 30 chains West of the northeast corner of Section 15; thence along the West line of Section 14, South 20 chains; thence East 20 chains; thence North 20 chains; thence West 20 chains to the point of beginning.

Being Tide Land Lots 9 and 10 in Section 14 of said Township 3 and containing 40 acres, as shown on Map No. 1 of Salt Marsh and Tide Lands.

PARCEL II

All that certain real property situate in the City of Atherton, County of San Mateo, State of California, described as follows, to wit:

Lots 44 and 49, as designated on the map entitled "MAP OF THE SUBDIVISION OF THE POLHEMUS TRACT IN THE RANCHO DE LAS PULGAS NEAR MENLO PARK AND LELAND STANFORD UNIVERSITY," which map was filed in the office of the Recorder of the County of San Mateo, State of California, on August 29, 1891 in Book "C" of Maps at page 64 and a copy entered in Book 2 of Maps at page 35.

EXCEPTING THEREFROM that certain triangular piece of land in the northeasterly corner of Lot 44, deeded by J. A. Drinkhouse to Peninsular Railroad Company, a corporation, by Deed recorded September 23, 1907, in Book 141 of Deeds at page 149, Records of San Mateo County.

PARCEL III

All that certain real property situate in the County of Kings, State of California, described as follows, to wit:

The Northeast Quarter of the Southwest Quarter (NE ¼ of SW ¼); the Southeast Quarter of the Northwest Quarter (SE ¼ of NW ¼); the Southwest Quarter of the Northeast Quarter (SW ¼ of NE ¼); and, the Northwest Quarter of the Southeast Quarter (NW ¼ of SE ¼), all in Section 20, Township 20 South, Range 19 East, Mount Diablo Base and Meridian, in the County of Kings, State of California.

PARCEL IV

All that certain real property situate in the City and County of San Francisco, State of California, described as follows, to wit:

BEGINNING at the point of intersection of the northeasterly line of Van Dyke Avenue (formerly Twenty-second Avenue South) and the southeasterly line of Griffith Street (formerly "G" Street South); running thence northeasterly along said line of Griffith Street 200 feet to the southwesterly line of Underwood Avenue (formerly Twenty-first Avenue South); thence at a right angle southeasterly along said line of Underwood Avenue 300 feet; thence at a right angle southwesterly 200 feet to the northeasterly line of Van Dyke Avenue; thence at a right angle northwesterly thereon 300 feet to the point of beginning.

Being lots numbered 9 to 20 inclusive, in TIDE LAND BLOCK NO. 427.

PARCEL V

All that certain real property situate in the City and County of San Francisco, State of California, described as follows, to wit:

BEGINNING at the point of intersection of the northeasterly line of Hollister Avenue (formerly Thirty-second Avenue South) and the southeasterly line of Coleman Street (formerly "C" Street South); running thence northeasterly along said line of Coleman Street 200 feet to the southwesterly line of Gilman Avenue (formerly Thirty-first Avenue South); thence at a right angle southeasterly along said line of Gilman Avenue 600 feet to the northwesterly line of Boalt Street (formerly "B" Street South); thence at a right angle southwesterly along said line of Boalt Street 200 feet to the northeasterly line of Hollister Avenue; thence at a right angle northwesterly thereon 600 feet to the point of beginning.

Being all of TIDE LAND BLOCK NO 848.

PARCEL VI

All that certain real property situate in the County of Yuba, State of California, described as follows, to wit:

The East Half of the Northwest Quarter (E ½ of NW ¼) of Section 23, Township 17 North, Range 5 East, Mount Diablo Base and Meridian.

Also for general relief, as will more fully appear in the complaint on file, to which special reference is hereby made.

And you are hereby notified that unless you appear and answer as above required, the said Plaintiff will apply to the Court for the relief demanded in the complaint.

Given under my hand and the seal of the Superior Court of the County of San Mateo, State of California, this 15 day of May, 1947

Thornton Students Entertain P.T.A.

A program of dramatics, recitations and music in the Christmas theme was presented last week by students of the Thornton Grammar school for an audience of Colma Parent-Teacher Association members.

The program, under the direction of Mrs. Hazel Colwell, principal, and her faculty, included: A Christmas verse recited by Mrs. Colwell's students; "Jingle Bells," a piano selection by a pupil in Miss Hester Blaylock's class; Christmas carols by Mrs. Dane's class, and a play, "Christmas in the United States and Around the World," by Mrs. Kent's class.

Christmas tree lights flanked the stage, made festive with a decorated tree and a profusion of winter blossoms.

Ice cream and cookies were served by a committee under Mrs. Irene Chessman, hospitality chairman.

Publisher's Father Died in Palo Alto At Age of 84

Clem Bradshaw, father of Harold Bradshaw, publisher of the Daly City Record, passed away Sunday, December 7, in Palo Alto. Funeral services were held in that city.

He was a well known publisher in the middle west and California, having published daily and weekly newspapers in Kansas and on the Pacific coast during the past 50 years.

During his active publishing career he was well known throughout the United States for his syndicated features of editorials and verse which appeared in a great number of newspapers all over the nation. Named poet laureate of the State of Kansas shortly after the turn of the century, he remained in that state until 1918 when he came to California with his family and located permanently.

One of his verses is reprinted below:

THE SHACK

Just across the blue grass medder
Where the creek went murmurin' by
And the daisies and the cowslips
Used to smile up at the sky,
In the days of blessed memories,
The days that can't come back,
We built it, and we loved it . . .
Our little wooden shack.

It had no fancy doin's;
It was kind o' rough and plain;
But the harp strings of the angels
Never played a sweeter strain
Than the melody of laughter
From our healthy, strappin' boys
In the dear old shack where love was queen
And keeper of our joys.

We loved it in the mornin'
When the dew was on the flowers
And the summer's benediction
Seemed to bless the fleetin' hours;
When the purple-tinted bugles
Of the mornin' glory vine
Kept a-reachin' up toward heaven
Just to catch the joy divine.

We loved it in the evenin'
When the sun had gone to sleep,
And the shadders from the westland
Came a-drifting soft and deep;
And we loved to linger near it,
And to look out on the night,
When the moon was full o'glory
And the stars were leakin' light.

No wonder that we loved it,
For our whole big world was there;
And we built it in the golden days
When life was young and fair;
And its roof of rough-hewn shingles
Was a chunk from heaven's dome,
And its walls were good as jasper
For our paradise of home.

We live up in our town house now,
With fixin's fine and new;
But the memories of old days
Keep a-soakin' through and through;
And we keep a-thinkin' to ourselves,
There's somethin' that we lack . . . .
Oh, I wonder if we left it
In our little wooden shack.

Notice of Trustee's Sale

NOTICE IS HEREBY GIVEN THAT:

On Monday the 5th day of January, 1948, at the hour of 11:00 o'clock, A.M., of said day, at the front entrance to the City Hall of Daly City, located at No. 75 Wellington Avenue, Daly City, County of San Mateo, State of California, CALIFORNIA PACIFIC TITLE INSURANCE COMPANY, a corporation, as trustee, will sell at public auction to the highest bidder for cash, lawful money of the United States, all payable at the time of sale, the following described real property situated in the City of Daly City, County of San Mateo, State of California, described as follows:

Lot 39 in Block 18, as designated on the map entitled "MAP NO. 1 VISTA GRANDE SAN MATEO CO. CALIF.", which map was filed in the office of the Recorder of the County of San Mateo, State of California, on November 5, 1906 in Book "C" of Maps at page 35 and a copy entered in Book 4 of Maps at page 41.

Said sale will be made without convenant or warranty regarding title, possession or encumbrances, to satisfy the obligations secured by and pursuant to the power of sale conferred in a certain deed of trust dated October 31, 1946, between Griffin Crabtree Holcomb and Theresa M. Holcomb, his wife, as trustors, California Pacific Title Insurance Company, a corporation, as trustee, and San Francisco Federal Savings and Loan Association, a Federal corporation, as beneficiary, recorded in the office of the Recorder of the County of San Mateo, State of California, on November 18, 1946, in Volume 1317, Page 115, of Official Records.

The more you drive it, the more you like it!

Every mile gives added proof of
BIG-CAR QUALITY AT LOWEST COST

As more and more Chevrolet owners are discovering, years of service mean nothing to a Chevrolet! This car has *extra* strength in every part—built-in ruggedness and reliability—the excellence that endures. It will serve you for scores of thousands of miles, and the longer you drive it the stronger your appreciation of its value—for it possesses Big-Car durability and dependability unequaled in its field.

One look will tell you that Chevrolet *out-styles* all other cars in its field. It brings you smarter design—smarter colors—smarter upholstery and appointments! It alone offers a luxurious Body by Fisher at lowest prices.

You can't beat a Chevrolet for all-round *performance with economy*. And Chevrolet's world's-champion Valve-in-Head Thrift-Master Engine, unique in its price range, wrings the last ounce of energy out of every gallon of fuel.

You'll enjoy maximum riding-smoothness and road-steadiness, too, because only Chevrolet, of all cars in its field, brings you the firm, easy, balanced movement of the Unitized Knee-Action Ride.

The demand for new Chevrolets surpasses all previous records. That means it's wise to safeguard your transportation by bringing your present car to us for skilled service, now and at regular intervals, pending delivery of your new car. See us for dependable, car-saving service.

NEWS FROM THE SCHOOLS

CROCKER

This week the students of the low and high fifth grades welcomed back Jerry Moore. Jerry left in October to live with his uncle in Sacramento.

Pupils of room four are working on their new unit, "Early Civilizations."

These seventh grade students spent the Thanksgiving holidays out of town:

Jean Eliason and her family went to their cabin near Boulder Creek. Robert Gerhow and his family went quail hunting in the Livermore mountains. Robert didn't shoot any quail but had fun hunting, anyway. Erma Miller and her family spent the holidays visiting Erma's uncle in Pacific Grove.

Aubrey Long, from Monroe, Louisiana, has enrolled in the low eighth grade.

The low eighth has finished the social science unit, "Geography of Our Country," and is beginning a new unit, "History of the United States."

Barbara Bledsoe, high fifth, visited her relatives in Modesto over the week end.

Alberta Perro has returned after a siege with a sprained ankle. During the past week end two of the children in our class made trips. Gary Anderson went to Russian river, and Robert Stone went to King's Mountain.

Room three has finished its study of "Transportation Through the Ages," and will be studying the geography of the world until Christmas. From then on we will study about our southern neighbor, Mexico.

WOODROW WILSON

The students of the seventh grade at Woodrow Wilson school have turned the clock backward eight thousand years and are studying the people of the Tigris and Euphrates valley. This valley, called Mesopotania, means "in the midst of rivers." On the map today there is no Mesopotania, but Iraq has taken its place. Were the early people of this valley savage or barbarian? The class is learning the difference between these two words, savage and barbarian, because in history one must understand the Road to Civilization.

The students of the high sixth and low seventh grades are studying the liberators of South America. The students were very interested in learning the reasons there isn't any United States of South America.

When we came back from our Thanksgiving holidays, we started two new units. The fifth grade has started the regions of the United States. The first region to be taken up is the cotton producing southern states. This is really a review for us as we studied textiles last year. But other things are grown in the south besides cotton.

The sixth grade has started on a unit called "The Americas." We are going to learn about the other countries in North and South America. Yesterday the Glee club girls sang "America for Me" and other songs to the rest of our class.

The fifth grade boys and girls are studying about California of today. They are first learning what it means when they say the state of California is as large as ten of the eastern states.

The children of the high third and low fourth are completing their unit on coffee this week and taking tests. The children of the low fourth grade have been learning about the cities that were started in New Spain.

The members of the low fourth are busily learning to multiply. They began multiplying by five since all the class members were accustomed to using five in relation to money. They have progressed from there to the two's, three's and four's, and soon will be working on six's.

Children in the low third grade are now studying about the clothes of the Netherland countries. They saw many examples of Chinese and Japanese clothes and are looking forward to their next topic.

JEFFERSON

Kindergarten

The kindergarten children are very busy. They have redecorated the walls and display boards in keeping with the season. For many weeks they have been learning to keep a secret in order that another's pleasure might not be spoiled. Last week the class was honored by a party given them by the members of the Colma P.T.A. for having enrolled the most new members in the recent membership drive.

High First and Low Second

Last Friday the children of these classes made original cards to send to one of their classmates, Barbara Mattes, who is in the hospital. There were many clever and funny drawings which the children knew she would enjoy. Some of the children also brought small gifts to make Barbara's stay in the hospital more enjoyable.

Low Third News

The low third grade has been studying the communication systems of the Indians. They think it is fun to learn some of the sign language and to make the symbols on paper. This week each row will elect someone to represent them in presenting their own versions of dramatized Indian stories.

High Third and Low Fourth

These pupils are at the age of wonder concerning the world about them, and consequently ask many questions. Recently, their curiosity was partly satisfied by a demonstration lesson given to explain the causes of the changes of the seasons and the reason for day and night. By using the globe and a flashlight many of their questions were answered. By their rapt attention it was readily seen that they enjoyed the lesson very much. Lois Klaisner and James Giblin helped by bringing the flashlights.

New Photo Studio Opens In Daly City

A new photo studio has been opened in Daly City by Miss Myra Blackledge, talented photographer and artist, at her home, 6275 Mission street.

Miss Blackledge began her trade as a hobby 15 years ago, and since that time has managed portrait studios for many proprietors. For the past two years she has been affiliated with the photography department of The Emporium.

Weddings, babies, portraits, interiors, and candid shots are among her specialties, as well as oil coloring of portraits and miniatures.

She also is considered adept at handling and photographing children.

LOCAL NAVY MAN COMPLETES TRAINING

Robert A. Freeman, U.S.N., has been advanced to the rank of seaman 2/c upon completion of recruit training at the naval training center in San Diego.

Freeman is the son of Mrs. Viola Usery, 499 Willits street, Daly City.

Quail Shooting

Quail shooting has been excellent in most areas of Los Angeles county since the opening of the season, reports the National Automobile Club.

JEFF HIGH NEWS

By Bob Pilgrim

Three Jefferson players made the all-P.A.L. this year. Only one is a repeater from last year, and he is, of course, left-handed quarterback Don Mossi — most outstanding passer and "T" formation quarterback in the league. The other two are Richard Morgan, one of the league's most vicious tacklers, and end Lou DeSalvatore.

If you have seen any "Jeff" games this year you couldn't help but notice Richard Morgan, Jefferson's center. He isn't big, as centers go, but he is one of the most vicious tacklers in the entire P.A.L. (if not the most). His defensive play was sensational. Not only a great defensive man, but he also inspired the Jefferson line to great plays. His defensive play was outstanding in victory and even more so in our two terrific losses to Palo Alto (33-0) and to San Jose (32-14). To see him tackle and block is a thrill in itself. One can almost feel the fall clear up in the bleachers. He was not surpassed by any center in the league, as far as defense goes, and was Jefferson's most outstanding center in years.

We also lost to San Mateo (14-13).

Don Mossi is another of Jefferson's Indians who holds down quarterback on the all-P.A.L. team. Not only is he an outstanding passer but he is also a great defensive and team player. Almost every one of Jefferson's touchdowns came through the passing of Don Mossi. When the going got tough, Mossi would fade back to pass. His passes are bullet-like and usually deadly accurate. All year long he was being rushed by the opposing lines and they made it very rough on him; yet he completed more than one half his passes. Even in the Lincoln game (Lincoln won championship) he threw two passes for touchdowns, and Lincoln had the strongest line in the P.A.L. Besides making all-P.A.L. quarterback, he holds down a position on the All-Northern California prep team of 1947.

The third and last Jefferson player to make P.A.L. squad is left end Lou DeSalvatore. He ranked second in the league in scoring. He ended his first, last and only season as a football player at "Jeff" with an explosive 54-yard run off a pass thrown by Don Mossi against South City, Thanksgiving. What made him such a threat is his great speed and shiftiness — a hard target for anyone to tackle. An example of this was at the South City game when he caught a pass right in the midst of everyone in the S.C. secondary. He sidestepped one man, and while he was doing this all the South City secondary was converging on him. Seeing one little spot left open, he flashed into the break and left his opponents in the dust.

Grand Opening Of Crocker Cleaners Set For Tomorrow

The Crocker Cleaners, which rates with the largest, most modern cleaning establishments in central California, will observe its Grand Opening tomorrow, December 12.

Samuel Jacobson, manager, has announced that the huge plant, located at Crocker and Mission streets, will be open for inspection by the public tomorrow.

New machinery has been installed in the plant to insure a quality of service unsurpassed in the vicinity, Jacobson said.

Cleaning tanks, steamers and pressers are equipped to process every fabric in its requisite manner. Skilled workers with long experience in the trade, the manager said, are now ready to start an unexcelled production.

THE LIFE STORY OF GENERATOR 0-63000

You cannot buy a powerhouse by catalog order. You must have it built to specifications right from the ground up. Take the giant electric generators for example — they take months and years to build and assemble part by part. Here is the life story of generator 0-63000 long on order.

During the later part of 1949 it will be set in place in the new $35,400,000 Rock Creek Powerhouse this Company is building on the North Fork of the Feather River in Plumas County. It will then be "tuned up" like a grand piano along with an identical unit dedicated to a life of spinning out 169,000 additional electric horsepower for Northern and Central California.

Generator 0-63000 will be more than two years old before it goes to work producing power. Factory fabrication time will take 21 months. Upon arrival at the Rock Creek Powerhouse, five months will be required for re-assembly and run-in tests.

Generator 0-63000 is one of fourteen new generating units this Company is now installing for new and enlarged hydro and steam electric powerhouses that are part of our present $350,000,000 construction program.

Vital Statistics About Generator 0-63000

Weight	875,000 pounds
Width	30 feet in diameter
Height	53 feet from stator head to turbine wheel
Cost	$617,145
